

Bidding for TWG 2029

Official Bid Application and Questionnaire
for The World Games 2029

January 2022

BIDDING PROCEDURES

FOR THE WORLD GAMES 2029

This is the official Bid Application Document and Questionnaire for The World Games 2029. It is published and circulated by the International World Games Association (IWGA).

The IWGA wishes to acknowledge the support provided by the International Olympic Committee (IOC) and other organisations in allowing the IWGA to base much of this document as well as the questionnaires on the contents of the candidature documentation for their multi-sport games.

The IWGA nevertheless takes full responsibility for this Bid Application document and for the questionnaires, all of which in no way reflect the views of the IOC or any other organisation, nor are they in any way endorsed by the IOC or other organisations.

**Official Bid Application Document and Questionnaire
for The World Games 2029**

Version January 2022

TO THE APPLICANT HOST CITIES:

The International World Games Association (IWGA) seeks a Host City for the Thirteenth Edition of The World Games, scheduled to take place over eleven days in 2029.

This Bid Application document describes the nature, scope and objectives of The World Games. It provides valuable insights into how recent successful Host Cities prepared and delivered these multi-sport games. In so doing it serves as a planning blueprint for the future Host City in 2029.

The document lists all the requirements an Applicant City has to meet for a bid to be successful. Applicant Cities are asked to address 18 themes in turn, answering questions and providing information that will serve as the basis for initial preparations for The World Games 2029.

Finally, the document outlines relevant provisions in the IWGA's Constitution, By-Laws, Rules of The World Games and technical manuals. These set out the terms and conditions under which the IWGA would award, supervise and control The World Games 2029.

My staff stands ready to answer any questions you may have. We look forward to receiving your bids.

José Perurena
IWGA President

Official Bid Application TWG 2029

GENERAL INFORMATION

GENERAL INFORMATION

THE WORLD GAMES

ORIGIN AND PURPOSE

Several non-Olympic International Sports Federations (IFs) first considered the possibility of providing their athletes with the opportunity to compete in elite multi-sport games of their own in the 1970s. These IFs sought to popularise the sports under their governance further by improving their prominence through excellent sporting achievements of top-level athletes, by securing extensive international exposure in the media for exploits of the athletes, and by conserving all the traditional values of sport.

THE ORGANISATION

Founded in 1980, the International World Games Association (IWGA) is a non-governmental and non-profit international organisation made up of 39 Member IFs. The official language of the IWGA is English.

The IWGA is an associate member of GAISF, known as the Global Association of International Sports Federations, and an organisation recognised by the International Olympic Committee (IOC) and in special relation with the IOC according to the MoU signed in 2016.

Vision & Mission

of The World Games

Excellence
Sustainability
Inclusiveness

To **unite** and **develop** communities in and through sport.

To provide **global exposure** and a unique experience for **athletes** and cities.

To engage with and inspire **communities** by the promotion of **Sport values**.

The IWGA's core values are excellence, sustainability and inclusiveness, with a strong emphasis on protection of the environment and being polite to one another. We require host cities to always subscribe to the highest ethical standards and to respect human rights.

Official Bid Application **TWG 2029**

GENERAL INFORMATION

THE OBJECTIVE

The objective of the IWGA is to stage a top-level and high-profile international multi-sport event, The World Games (TWG), at intervals of four years. With the programme of TWG based on the sports governed by the 39 IWGA Member IFs, the popularity of the featured sports is developed further – and IWGA as well as its Member IFs are able to secure additional resources and funding for continued promotion.

THE CHARACTERISTICS

The World Games are the pinnacle in the competition calendar for the world's best athletes in sports – or disciplines of sports – which are not currently on the programme of the Olympic Games. Recognising that the multi-sport event provides the athletes in these sports with the opportunity to compete at the highest level, to represent their countries and to promote the Olympic ideals, the IOC grants its patronage to TWG.

THE PRINCIPLES

In its Constitution and through its actions, the IWGA explicitly upholds and promotes the principles and values that are defined in the Olympic Charter. The commitments to fair play and clean sport, as well as others, apply to TWG. The IWGA adopts the World Anti-Doping Code and enforces its Anti-Doping Rules in compliance with the norms and standards of the World Anti-Doping Agency (WADA). Consistent with the practice of the Olympic Movement, it refers any conflict or dispute arising from TWG or its other activities to the Court of Arbitration in Sport (CAS) for resolution.

THE UNIQUE TRAITS

The concepts of viability and sustainability are held in highest regard by the IWGA. Unlike for some of the other multi-sport events, a Host City is not required to build facilities or extend upon available infrastructure for the sake of TWG. In fact, the Rules of The World Games stipulate that the Games must be staged at

existing venues, or at venues that have been planned and built regardless of the bid for TWG.

The composition of the Sports Programme of TWG is consequently subject to the availability of suitable venues and required infrastructure in the Host City. Hence, not every sport governed by an IWGA Member IF features necessarily in every edition of TWG.

For the past ten years the IWGA has kept the maximum number of eligible sports within manageable limits through a moratorium on new membership. However, the IWGA - wishing to accommodate local affinities and preferences - now allows the IOC, the IPC and Host Cities to propose additional sports of their choice. The IWGA may, entirely at its discretion, add such to the Sports Programme or the Display Programme, subject to a cap on the number of participants (Theme 6).

For TWG 2029, the IWGA envisions again compact games staged at appropriately sized venues, with an Official Sports and Display Programme comprising a manageable number of different events, and with particular emphasis put on efforts to secure broad international exposure for the featured sports.

EVOLUTION OF THE WORLD GAMES

TWG 2029 will be the thirteenth edition since the Games' inception in 1981. While the special character has been preserved over four decades and eleven editions, some of the initial criteria have been updated and significant amendments have been brought to the concept.

Following TWG 1997 Lahti, FIN, the IWGA strengthened its cooperation with the IOC. It culminated in the appointment of Dr. Jacques Rogge, then a member of the IOC Executive Board, as an Official Observer to the IWGA Executive Committee. Some of Dr. Rogge's suggestions for improvements to the existing concept were adopted in time for TWG 2001 Akita, JPN.

Official Bid Application TWG 2029

GENERAL INFORMATION

The national representation of athletes and delegations in TWG, absent for 20 years, was the most fundamental change. It was first applied to the Opening, Closing and Medal Ceremonies of TWG 2005 Duisburg, GER, with all athletes parading by nation, under their country's flag, and with the Medal Ceremonies and Tables reflecting the winners' nationalities.

As was intended and encouraged by the IOC President, the significant change brought about the active involvement of more National Olympic Committees (NOCs) in the administration of the nationally representative delegations to TWG.

PARTNERS IN THE WORLD GAMES

The World Games are organised in a partnership between the Host City and the IWGA. For this purpose, the two parties conclude a Host City Organiser Agreement, which clearly defines the roles and responsibilities of each party. The IWGA is responsible for bringing the organisation of the Games, including ceremonies and competitions to the Host City, arranging – through its IFs – the participation of the world's best athletes and for ensuring the most elite competitions in each sport of TWG.

The Host City is responsible for the provision of accommodation, meals and local transportation for the participants. And it assumes the costs for the facilities, equipment, staff, services – such as accreditation and result systems, broadcasting and media services, doping controls – as well as the protocol of TWG. Both partners are equally committed to ensuring optimal organisation and delivery of TWG. Furthermore, the partners acknowledge that their partnership could be expanded to include additional parties – such as patrons, institutional and commercial sponsors, media partners and others – in order to attain their common objectives.

THE BID PROCESS FOR THE WORLD GAMES

The bid process for TWG is not only the first step for

prospective hosts towards organising a successful edition of TWG, but it also provides the IWGA with an impartial and effective structure for determining the best Host City and selecting the partner best suited to organise and stage the Games successfully. The determination process and the procedure for awarding each edition of TWG to a Candidate City consist of

- The capture of comparable information, data and guarantees required to assess the initial feasibility of the bid project submitted by the candidates, and to thoroughly examine the candidates' ability to meet the basic hosting requirements.
- The establishment and execution of a comprehensive and fair review and evaluation process.
- The pre-selection of the designated Candidate Cities who met the basic hosting requirements.
- The exchange of views and the establishment of dialogue between the stakeholders in TWG – Candidate Cities, IWGA and others – with the aim to improve the final version of the bid book.
- The site inspections (2-3 days) and the process of conclusive review and evaluation of the final version of the bid by the IWGA Evaluation Committee.
- The presentation of results and the negotiation of the Host City Contract.
- The award of TWG to the Host City by the IWGA Executive Committee.
- The ratification of the award by the IWGA Annual General Assembly and the formalisation of the Host City Organiser Agreement.

ROLES AND RESPONSIBILITIES

IWGA

The World Games are owned and governed by the International World Games Association.

Official Bid Application TWG 2029

GENERAL INFORMATION

The IWGA Executive Committee selects the Host City for TWG.

The IWGA Annual General Assembly ratifies the award of TWG to a Host City.

The IWGA, through its Member International Sports Federations and its Executive Officers, is responsible for the technical delivery of the Games, using venues, equipment and support personnel provided by the Host City.

Candidate Host City

The bidding authority of a Candidate City is solely responsible for all aspects of the bid application and for all commitments entered into by it concerning the organisation and the staging of the Games, and it shall assume the entire financial responsibility for such organisation.

The Host City Organiser Agreement for TWG – covering all aspects of organising and staging the Games, and listing all obligations and commitments of the partners – must be signed by the authorised representatives of Host City and IWGA at the time of the city's ratification as host of TWG.

BID PROCESS FOR THE WORLD GAMES 2029

BID APPLICATION

The IWGA has already made preliminary information about TWG and about the bid process/procedure available to all cities wishing to organise the thirteenth edition. The IWGA circulates the Bid Application document to all those cities that have expressed interest in submitting a bid for hosting TWG 2029. The Bid Application and all related documents will also be made available for downloading from the IWGA website in January 2022.

THEMES

The Bid Application document identifies 18 Themes.

Theme 1: Games Vision and Concept

Theme 2: Local Organising Committee

Theme 3: Local and National Support

Theme 4: Legal Aspects

Theme 5: Finance

Theme 6: Sports and Venues

Theme 7: Ceremonies

Theme 8: Accommodation and Catering

Theme 9: Transport

Theme 10: Security

Theme 11: Medical and Health Services

Theme 12: Anti-Doping

Theme 13: Communication and Promotion

Theme 14: Media (Broadcast and Press)

Theme 15: Marketing

Theme 16: Technology

Theme 17: Risk Management and Insurance

Theme 18: Sustainability and Meteorology

Between them, the themes cover all elements that need to be considered in the organisation and delivery of TWG 2029. Addressing each of these themes in the context of its specific situation, an Applicant City arrives at what will serve as the first blueprint for organising TWG 2029 and as a valid bid project.

Official Bid Application TWG 2029

GENERAL INFORMATION

INFORMATION

In this Bid Application document, the IWGA provides comprehensive information on each of the 18 themes. This information is based on best practice standards and on the experience gathered by organisers of previous editions of TWG. Additional information is available from other official IWGA documents and sources. In preparing their files for the first phase of the bid process, Applicant Cities should also refer to the publications and documents listed below.

- The IWGA Constitution, in conjunction with the By-Laws, establishes the overall objects, fundamental principles, functions, roles, policies and procedures of the IWGA.
- The Rules of TWG govern all aspects of organising and staging TWG; they define the roles and responsibilities of the IWGA and the Host City in the partnership entered into for the purpose of organising and staging TWG.
- The Memorandum of Understanding IOC – IWGA defines the cooperation between the two organisations.
- The documents “ *TWG 2029 Candidature Brochure*, *TWG 2029 Fact and Figures* and *TWG General Facts and Figures* ” provide prospective bidders with background information on TWG in general, the last and the upcoming edition, and on the bid process for TWG 2029.
- IWGA Manuals providing guidance and directives to the Applicant Cities in various areas mentioned under the corresponding themes.
- The IWGA website and particularly the site’s section dedicated to the bid process for TWG 2029 are the online source for information related to the IWGA, TWG and the bid process.

REQUIREMENTS

The IWGA lists – per theme – the requirements which the Applicant Cities must be able to meet and fulfil in order to ensure that TWG 2029 are staged in a dignified manner and that all objectives of the stakeholders in the event can be attained.

These requirements range from conceptual frameworks to formal commitments and contracts with, or guarantees from, third parties.

QUESTIONNAIRES

Questionnaires for the themes are the mainstay of the bid application. The applicants are requested to complete each questionnaire, providing clear and concise information to the extent that is appropriate for the first phase of the bid process. The determination of the bid project’s initial feasibility is based on the review of the questionnaires.

RESPONSE FORMATS

The structures of the bid application and of the entire bid process have been thoroughly reviewed by the IWGA. The aim of the format of responses is to save an Applicant City unnecessary work, effort and expense, and to ensure that the information provided to the IWGA can be easily and objectively analysed and represented. Therefore,

- Responses must follow the questions specified in the questionnaires of the bid application. The questions provide a basis for technical analysis of the bid, and they cover all critical elements for assessing the concepts and technical elements critical to the success of TWG 2029.
- Facts must be presented as clearly and concisely as possible. Each theme also allows for additional information to be provided outside the specific areas covered in the questions.
- The numbering for each question in the

Official Bid Application TWG 2029

GENERAL INFORMATION

questionnaires has been made specific to the respective theme. This simplifies the referencing of responses in the bid analysis process.

- The bid application requires the Applicant City to provide several guarantees from itself and third parties. These are specified clearly in the questions in order to provide a reference list.
- All representations, statements and other commitments contained in the bid application, and in other correspondence and documents related to the bid, are binding if the respective Applicant City is selected to host TWG 2029, and will be included as integral part of the Organiser Agreement.
- The bid application must be submitted in electronic format as soon as possible. Bids received after 31 July 2023 will not be considered. The electronic submissions should include a PDF file of the responses for each theme in the bid application (Themes 1 to 18). Any attachments such as guarantees, pictures, plans, etc. should be provided as PDF files. Where templates are provided in the annexes to this Bid Application document, an applicant is expected to make use of them.
- An applicant must provide three (3) hard copies of the complete Bid Application, including all attachments, to the IWGA Headquarters.
- All responses, additional information and other correspondence submitted to the IWGA must be in English.

IWGA SYMBOL, EMBLEMS AND DESIGNATION OF TWG 2029

Applicant Cities may be granted the right to use the IWGA symbol and all other emblems – such as pictograms – in conjunction with their bid applications. Usage of these emblems for non-commercial promotional purposes requires the prior approval of the IWGA

and the clear identification of the city as an "Applicant City for TWG 2029" or – if shortlisted – as a "Candidate City for TWG 2029" in all publications where the IWGA emblems are reproduced. The emblems may only be used until the IWGA Executive Committee awards TWG 2029, at which time all distribution and use must cease.

The event shall only be designated as "The 13th Edition of The World Games 2029 + name of the Candidate City" or, as an acronym, "TWG 2029 +name of the Candidate City". No other designations or abbreviations are acceptable, and no deviations from the official designation are permitted other than the omission of "Thirteenth"/"13th" Edition.

TERMS AND CONDITIONS OF THE BIDDING FOR TWG 2029

In submitting its bid application, the Applicant City accepts, and agrees to be bound by, the terms set forth in the IWGA Governing Documents and other relevant manuals or documents – such as this Bid Application document – and to refer any conflict or dispute arising from the bid process to the Court of Arbitration for Sport (CAS) in Lausanne, Switzerland for resolution.

Furthermore, the Applicant City acknowledges – by submitting its bid application with the authorised signatures affixed to the documents "Undertaking" and "Covenant" (Theme 5, Legal Aspects) – that the IWGA retains the rights to all intellectual property developed throughout the bid process for TWG 2029. This includes all data, documents and information provided by the IWGA and the bidders, including the bid application documents and the completed questionnaires.

All Applicant Cities are bound to maintain the appropriate levels of confidentiality throughout the bid process. However, the IWGA encourages an open and constructive relationship between it and the bidders, inviting the latter to request further information or any clarification on the bid process as it is described in this Bid Application document.

Official Bid Application TWG 2029

GENERAL INFORMATION

To keep the bid process as transparent as possible, the IWGA will respond to requests for information and/or clarification with circular letters to all bidders unless the issue raised is strictly specific to one bidder. In such circular responses, the origin of the question will not be disclosed.

All inquiries and other requests should be addressed to the

IWGA Chief Executive Officer

Mr. Joachim Gossow

Av. de la Gare 12 · CH-1003 Lausanne · SWITZERLAND

MOB: +49 175 581 14 92

ceo@iwga.sport.

BID FEE

The IWGA requires the payment of a bid fee of 100.000 CHF (one hundred thousand Swiss Francs) from each of the cities applying to stage TWG. It is due at the time of submitting the bid application to the IWGA – the deadline for that being at the latest 31 July 2023. A bid application will be assessed by the IWGA once the bid fee is received (bank information will be forwarded on request).

The IWGA will select from the Applicant Cities a short-list of Candidate Cities. Applicant Cities not selected for the short-list will have 80% of the bid fee refunded. The Candidate Cities that are not selected as the Host City for TWG 2029 will have 50% of the bid fee refunded. The bid fee of the Host City – i.e., the Candidate City that is awarded TWG 2029 – is not refundable.

STEPS IN BIDDING PROCESS

Jan 2022

- Release and distribution of the Bid Application Document and Questionnaire to prospective bidders that have notified IWGA of their intention to bid for TWG 2029

- Study of submitted responses, follow-up with applicant host cities, selection of the Candidate Host Cities for TWG 2029
- IWGA Bid Evaluation Commission's visits to the Candidate Host Cities, on-site inspections of facilities, hotels, etc. and discussion of the finalised bid files
- Evaluation of the Commission's reports on the visits, study of the finalised bid files and presentation of conclusions/results to the IWGA Executive Committee

(Jul 2023)

- Latest Deadline for submission of the Bid Application Questionnaires by applicant host cities
- Presentation of the final Candidate Cities and announcement of the Host City for TWG 2029
- Final negotiation of the Host City Contract between the IWGA and Host City representatives
- Ratification of the award of TWG 2029 Host City by the 2024 IWGA General Assembly and signing of the Host City Contract

VISION & CONCEPT

1. VISION & CONCEPT

GENERAL

INTRODUCTION

Hosting the thirteenth edition of TWG in 2029 is a major undertaking. The parties involved in the Games' organisation and delivery must have an appropriate and acceptable motivation that can justify the efforts and expenditure required to take on such a project – and to bring it to a successful conclusion. It is this motivation which will serve to shape the planning, to set goals for the hosting and to define the legacy of TWG 2029.

The Applicant City must declare its motivation and describe the visions it holds for hosting TWG in 2029. Knowing how TWG 2029 fit in with the development goals and long-term planning of the Applicant City allows the IWGA to assess all merits of the bid project. And it serves as a solid basis for a well-functioning partnership between the IWGA and the Host City.

From the Applicant City's motivation and vision derives the overall concept for TWG. This outlines the schedules, locations, venues, programmes and initiatives associated with TWG.

DATES AND DURATION

TWG extend over eleven days, normally during the period from July through August. The Opening Ceremony is scheduled for a Thursday evening, the first day, whilst the Closing Ceremony takes place on the second Sunday night, the final day. Competitions in the sports are generally staged over ten days, from Friday morning (day two) to the second Sunday afternoon/evening (final day).

Athletes and officials should be able to take part in either the Opening Ceremony or the Closing Ceremony. The period of their stay depends on the competition schedule of their sport.

LOCATIONS/VENUES

The Host City provides the sites, locations and venues for all competitions and for training. They are critical to the success of TWG. The competition venues – including all operational elements – must be in line with the commitment to stage world-class competitions in all sports. Each venue must provide an extraordinary experience for athletes and comfort for spectators.

The Host City provides accommodation and catering centres for all participants of TWG 2029 – the athletes, officials and invited guests – in appropriate locations. Provisions also need to be made for dedicated groups such as media. A compact layout of locations, where accommodations are within walking distance from sports venues, is desirable. Failing that, a transportation infrastructure must connect the locations.

The Host City provides the venues for the Opening and Closing Ceremonies. It selects these venues considering above all the seating capacity and location. Selecting a location other than a sports venue is an option if other outdoor venues exist and provide an even more appropriate setting for the ceremonies.

The Host City provides the venues for the media and broadcast centre and the facilities required for all games services.

PROGRAMMES, INITIATIVES AND EVENTS

Aside from the Sports Programmes, the Host City needs to associate additional programmes with TWG to enhance the appeal of the Games, broaden their scope and maximise their positive impact and legacy.

Associated programmes and initiatives range from civic mobilisation, and educational, cultural and promotional initiatives implemented prior to TWG, to specific projects undertaken while the Games are in progress. Prominent among the latter are:

VISION & CONCEPT

The World Games Plaza (TWG Plaza) and the Sports Garden: central meeting points for citizens, visitors and participants to socialise and take in the Games atmosphere in a spirit of international solidarity and cultural exchange.

The Athletes' Night: a social event, scheduled midway through TWG (Tuesday or Wednesday evening), which focuses on the athletes, providing them with the opportunity to meet and socialise with their colleagues from other sports. This event is of particular importance if the athletes are not lodged together on a campus or in a Games village.

fairs, exhibitions or sporting competitions. The concept shall show "The Road to Host City's Name" in which regular pre-events and other activities introduce TWG 2029 to the citizens and the global audience.

Note: Nearly all points that are addressed in the "Vision and Concept" questionnaire are taken up again in the other questionnaires, under each separate theme. In-depth information should be provided there, and only summaries are required in this questionnaire to Theme 1 "Vision and Concept."

REQUIREMENTS

MOTIVATION

By motivation we mean a good understanding of how the Host City could derive specific benefits from hosting TWG 2029. These benefits should, in one way or another, offset the many commitments and obligations required to organise and stage TWG 2029. The Host City's motivation must be fully compatible with the principal aims of the IWGA and the purpose of TWG. IWGA also needs to be convinced that the local population is motivated to host the Games.

VISION

From the motivation evolves a general vision of how the city goes about planning, preparing and delivering TWG 2029.

CONCEPT

"Concept" under this theme refers to the general concept – the "... when, where, how and why?" – establishing what will be the distinguishing features of TWG 2029 held in the Host City. The concept must guarantee that TWG 2029 are staged in the most dignified manner, as an independent event and not in connection with any other international or national enterprise or event in or near the Host City, such as

VISION & CONCEPT

QUESTIONNAIRE

MOTIVATION

VC 1 What is the Applicant City's principal motivation for hosting TWG 2029?

VC 2 List the specific goals – benchmark targets and legacy goals – the Host City pursues through the hosting of TWG 2029

VC 3 Outline how the IWGA can help the Host City in achieving these targets and goals.

VC 4 Outline the impact of these goals on planning and operations.

VISION

VC 5 Describe the vision the Host City holds for organising and staging TWG 2029.

VC 6 How will the Host City ensure that its vision will be integrated into all elements of the Games, including sports, ceremonies, cultural and educational programmes as well as other initiatives associated with TWG 2029?

VC 7 Explain how this vision fits into the long-term planning strategy of the Host City.

CONCEPT

VC 8 Confirm the dates the Host City proposes for TWG 2029 and specify the reasons for selecting them.

VC 9 Confirm that no other major events – of whatever kind – will be held in or near the Host City during TWG 2029 or less than one month beforehand or afterwards.

VC 10 Provide a map (Map A: no larger than A 3 – folded or double page – with the graphic scale indicated) of the Host City on which the locations and the venues of TWG 2029 are superimposed, providing a visual overview of the project for TWG 2029. Map A should include the following:

VC 11 Competition venues; Venues for opening and closing ceremonies; Accommodation (hotels, campus, other) for athletes, officials, guests and media personnel; Main media and broadcast centre; Hotels for visitors; TWG Plaza; Locations and venues for associated programmes and initiatives; Main transportation infrastructure (incl. airport, train and bus stations, etc.).

VC 12 Give the rationale behind the choice of locations and venues for sports, ceremonies, games services plus other programmes and initiatives associated with TWG 2029.

VC 13 Briefly describe the Host City's strategies for opening and closing ceremonies; TWG Plaza/Athletes' Night; community mobilisation programmes; and educational, cultural and promotional initiatives.

ADDITIONAL

VC 14 Provide any additional information the Host City considers relevant in the context of motivation, vision and concept.

LOC

2. LOCAL ORGANIZING COMMITTEE (LOC)

GENERAL

INTRODUCTION

The IWGA awards TWG 2029 to the Host City with which it concludes the Host City Organiser Agreement. The Host City Organiser Agreement covers all aspects relating to the organisation and delivery of TWG 2029, defining the duties and responsibilities of both signatories. Upon the award and its formalisation, the Host City sets up the Local Organising Committee (LOC), tasking the LOC under an official mandate with the duties and responsibilities of planning, preparing and delivering TWG 2029 in partnership with the IWGA. For this purpose, the Host City develops the appropriate governance and organisational structures for the LOC and appoints the key officers. Even if the LOC is an independent body, its organisational structure should involve the stakeholders who assume key roles in delivering TWG 2029. All the local, regional and national governmental and sporting authorities should be included in this structure, because of the important role they play in investment, support services and facilities.

In the execution of its task, the LOC establishes the permanent office – with adequate space and equipment – and employs staff according to the workload in the respective stages of project preparation and execution.

LOC

The LOC must be able to manage TWG 2029 in a professional manner, reflecting the world-class status of the Games and maximising the public and media awareness associated with them. The LOC must also be able to ensure that all communication and the delivery of the Games are conducted in English in addition to the language of the host country.

The LOC could be constituted as a special purpose company, a joint venture between the Host City and other parties – such as regional, national authorities and/or organisations involved in the hosting of the Games – or as another legal entity which can be entrusted with planning, preparing and delivering TWG 2029.

In any case, the full LOC should be constituted no later than March 2025. Prior to appointing the LOC Chief Executive Officer (CEO) and his or her deputy, the Host City must consult with the IWGA, providing the qualifications and the curriculum of the persons under consideration for the position. The CEO appoints – with the approval of the Host City and other relevant authorities – additional officers with the required qualifications and experience in the area to which they are assigned. Key officers in the LOC are the sports director, the operations director, the sales director and the director in charge of communication and media. They should also be appointed by March 2025. IWGA will ensure that the 2025 Chengdu organisers invite the principal officers of the LOC as observers to meetings and The World Games, so that they can gain invaluable insights.

To best prepare for the establishment of the LOC, the Applicant Cities should start planning from the earliest bid stages. Consideration should be given to the persons who may be part of the LOC if the city is selected to host TWG 2029. For two reasons: to guarantee the best possible cooperation between Host City – together with other authorities/organisations involved in the candidature – and the LOC, and to ensure continuity between the bidding stage and the start of the project execution. The Applicant Cities should consider the establishment of a transitional team, for the time between the award of TWG 2029 and the establishment of the LOC, as this will also help continuity and allow for planning work to continue without interruption.

LOC

LOC MISSION

The Host City must grant the necessary powers and the authority to the LOC, enabling it to execute the relevant planning and operational duties that are assigned to the Host City in the Host City Organiser Agreement.

The Host City, as the signatory to the agreement with the IWGA, remains legally and financially responsible for the fulfilment of the Host City Organiser Agreement, including all those duties it has mandated the LOC to carry out.

LOC STRUCTURE

In addition to the overall governance structure, where the LOC is linked to the Host City and other stakeholders involved in TWG 2029, bidders should give also early consideration to how their organisation should be structured. The LOC assumes duties and responsibilities in a wide range of areas. The following sample organisational chart identifies the key divisions and division managers. Further subdivisions will likely be required; duties and tasks could be assigned somewhat differently.

LOC OFFICE

Among the first duties of the LOC is the establishment of the permanent and fulltime LOC Office. The LOC Office must start operations – with a skeleton staff, limited infrastructure, state-of-the-art information and communication technology – no later than January 2025. As the workload increases in subsequent stages of organisation, the scale and scope of operations will be adjusted continuously.

COORDINATION COMMITTEE

The Coordination Committee (CoCom) is the body that coordinates the planning and provides the interface for communication between the IWGA and the LOC on all matters related to the organisation of TWG 2029. It is

made up of an equal number of IWGA board members and LOC members/staffers. The IWGA President is the chairman of the CoCom, which meets at least twice per calendar year (2026-2029) in the Host City in order to assess the progress achieved by the LOC in the preparation of the Games.

During the early stages of planning, the primary task of the CoCom is the finalising of the Sports Programme for TWG 2029. In subsequent stages the CoCom puts its emphasis on all areas requiring coordination between the IWGA and the LOC.

All CoCom meetings are minuted by LOC. An action list is established and updated at every meeting. The minutes and the action list will then be circulated to the members of the CoCom for comments and approval. Once agreement on accuracy is confirmed by the LOC and the IWGA, both parties sign the minutes.

VOLUNTEERS

Apart from the professional staff of the LOC, due consideration must also be given to the incorporation of volunteers in the different stages of preparation and, above all, in the execution of the Games. Their early recruitment, motivation and training are crucial to the success of TWG.

CONSULTANTS AND CONTRACTORS

Project-related consultants/advisers to be contracted for the planning of TWG 2029 should also be identified in consultation with the IWGA early on.

The outsourcing of specific services to providers qualified and able to offer them competitively is another important element in the preliminary human resource planning.

LOC

REQUIREMENTS

HOST CITY ORGANIZER AGREEMENT

The Host City Organiser Agreement is entered into by the IWGA and the Host City upon award of TWG 2029. It defines the relationship, roles and responsibilities among the IWGA, the Host City and other stakeholders in TWG 2029, such as regional or national authorities and organisations as well as partners of the Host City and the IWGA. It outlines all legal, commercial, organisational, financial and reporting obligations, and it establishes the primary financial and operational responsibilities with regard to these obligations. Together with the IWGA Governing Documents it governs all aspects of how TWG 2029 must be organised and conducted in fulfilment of these obligations.

LOCAL ORGANIZING COMMITTEE (LOC)

The Host City is required to plan for the establishment and empowerment of the LOC – as the latter is the body responsible for organising and delivering TWG 2029. To best prepare for the establishment of the LOC, it is essential that the necessary planning be completed during the candidature phase. At the time of concluding the Host City Organiser Agreement preliminary agreements should be in place between all parties involved in the TWG 2029. They outline the roles, responsibilities and financial obligations of each party prior to the signing of the Host City Organiser Agreement.

The Applicant Cities are required to describe the legal status as well as the governance and organisational structure of the LOC in their bid project. They must define their concepts and policies for the establishment, empowerment and supervision of the LOC, and they should be able to establish the scale and scope of LOC operations in the different stages of planning, organising and executing TWG 2029.

Bidders must give early consideration to the appointment of key officers. The LOC CEO and the

directors of certain divisions must be appointed in time for them to take part in the Observers' Programme of The World Games 2025 Chengdu.

LOC OFFICE

A permanent LOC Office with at least one full-time employee must be established and operational from January 2025. The mission of the LOC Office is to provide all members of the LOC staff with the operational synergies and the infrastructure required to perform all duties assigned to them, and to serve as the primary and central point of contact for TWG 2029 in general.

COORDINATION COMMITTEE

From the initial stages of planning and preparing TWG 2029, the LOC commits to coordinate all relevant aspects of its work with the IWGA. It also agrees to periodically monitor the progress – and audit the milestone compliance – in its work jointly with the IWGA. For this purpose, the IWGA and the LOC establish the CoCom.

The CoCom consists of up to 10 members, divided equally between the IWGA Executive Committee (5) and the top-echelon management – as well as the parties in charge of oversight – of the LOC (5). Additional persons may be invited by IWGA and/or LOC to attend specific meetings. The invitations are subject to the prior approval of both parties.

The CoCom and its meetings are chaired by the IWGA President. Decisions taken by CoCom are binding whether taken at CoCom meetings or otherwise.

VOLUNTEERS

Appropriate programmes for the involvement of volunteers in many pre-Games and Games-time activities of the LOC need to be developed. The first concepts for recruitment, orientation, training and scheduling of volunteers involved in pre-Games activities of the LOC

LOC

and in the delivery of the Games should be included in the bid application.

HUMAN RESOURCE PLANNING

In the evolutionary life cycle of the LOC various stages must be considered and the staff/workforce must be adapted to the requirements of each stage. The evolution commences with core teams planning for TWG 2029, culminates in the deployment of the workforce for Games-time operations and ends – after key staff have performed all assigned reporting duties – with the dissolution of the LOC. Aside from permanent or temporary staff, consultants and contractors may assume key roles in the various stages of the LOC life. Their appointment should be considered in the bid project too.

QUESTIONNAIRE

HOST CITY CONTRACT

LO 1 Designate and describe any party – other than the Host City itself – whose role and involvement in the organisation and execution of TWG 2029 would need to be addressed in the Host City Organiser Agreement. Such parties could be local, regional or national authorities and project-related partners of the Host City.

LO 2 Describe the role and the involvement of each such party in the organisation and execution of TWG 2029.

LO 3 If selected as the Host City for TWG 2029, what party – other than the Host City itself – would need to be involved in the negotiation of the Host City Organiser Agreement?

LOC

LO 4 Briefly describe the nature and the governance structure of the LOC which the Host City would mandate to plan, prepare and deliver TWG 2029.

LO 5 Designate and describe the different entities represented on the LOC, including all public authorities and project-related partners of the Host City.

LO 6 Describe the timeline for the establishment of the LOC, from the award of TWG 2029 to the start of LOC operations.

LO 7 If a special purpose company, joint venture or any other form of corporation – involving public authorities, statutory organisations and project-related partners – is proposed as the LOC, provide details of the proposed governance structure.

LO 8 Would the proposed structure require any transfer to other parties of the responsibilities assigned by the IWGA to the Host City? If so, what is required to be transferred? How would this be managed and legally reflected? How is the fulfilment of such responsibilities guaranteed after the transfer?

LO 9 Provide the mission statement and task list for the LOC.

LO 10 Outline the organisational structure of the LOC, providing a reasonably detailed organisational chart and specifying key linkages to external entities.

LO 11 Outline the roles and responsibilities of key LOC personnel in the organisation and the hosting of TWG 2029.

LO 12 Confirm that the LOC, in the performance of its tasks and duties, will always coordinate with the IWGA through the Coordination Committee, the body which it forms together with members of the IWGA Executive Committee. Confirm that it will be this body which assesses the milestone compliance by the LOC.

LO 13 Confirm that the LOC Office will be operational from January 2025.

LOC

VOLUNTEERS

LO 14 Outline the role that volunteers play in the organisation and in the hosting of TWG 2029.

LO 15 Outline the Host City's concept and plan for the recruitment, motivation, training and scheduling of volunteers in pre-Games and Games-time activities of the LOC.

HUMAN RESOURCE PLANNING

LO 16 Describe the Host City's preliminary plans for the recruitment of fulltime/temporary LOC staff.

LO 17 Outline the Host City's preliminary plans for the contracting of consultants for the planning and/or for the outsourcing of specific services at different operational stages.

ADDITIONAL

LO 18 LO 18 Provide any additional information the Applicant City considers relevant in the context of the establishment and empowerment of the LOC.

Official Bid Application TWG 2029

LOCAL & NATIONAL SUPPORT

3. LOCAL & NATIONAL SUPPORT

GENERAL

INTRODUCTION

Even though TWG 2029 will be awarded to a single Host City, it is understood that formal sanction and crucial support of other entities are required for the city to be able to stage them. The jurisdiction, responsibilities and prerogatives of national, regional and local public authorities and of statutory bodies governing sports in the host country affect the organisation and the delivery of TWG 2029.

Without all these authorities and bodies affirming their sanction of – and their support for – the project of hosting TWG 2029, starting with an endorsement of the Host City's bid project, it is impossible to stage them. Extensive project support by the national, regional and local population is equally important and must be ascertained from the very outset to ensure the Games' success.

Under this theme, the IWGA seeks to evaluate whether the Applicant Cities have been able to secure the formal sanction and appropriate levels of project support from public authorities and sport governing bodies in the host country. For a city to be eligible as Candidate City, guarantees – financial or other – from all national, regional and local authorities and bodies involved in the staging of TWG 2029 must be obtained.

In order to ensure that the IWGA can properly assess the information provided by the Applicant City under this theme, the bid project must include an outline of the country's legal framework and governance structure with regards to sports and other areas relevant to the hosting of TWG 2029.

PUBLIC AUTHORITIES

The public authorities at the local level are assumed to be the driving force behind the bid project. They must

guarantee, therefore, that the Host City is able to fulfil all obligations which are stipulated in the Host City Organiser Agreement, that the Host City will comply with the IWGA Governing Documents, and they must confirm the veracity of all information provided to the IWGA in the bid and other documents. Generally, such guarantees need to be ratified by the executive and/or the legislative branches of the local government.

At the very least, the national public authorities are required to guarantee free and non-discriminatory access to – and free movement around – the host country for all persons accredited for participation in TWG 2029 on the basis of a passport, with or without entry visa.

National regulations, too, apply for the import and export of equipment as well as products required by accredited persons. These include – without limitation – sports equipment, broadcasting, photographic and related equipment, telecommunications equipment, medical equipment, medicines, etc. Terms and conditions, which national public authorities levy for their importation and exportation at the time of TWG 2029, must be defined and guaranteed.

The jurisdiction of national authorities in other areas – such as the anti-doping legislation, taxation, etc. – is bound to affect the staging of TWG 2029 too. However, and even more importantly, the Games' global scope and their magnitude will require the national public authorities to commit to far more than just an endorsement and certain covenants. For any Host City to be able to realise its plans and deliver TWG 2029 in a dignified manner – as a world-class event – collaboration between it and public authorities at other levels will be a prerequisite.

SPORTING AUTHORITIES

While parliaments, ministries and/or other government-level agencies establish the overriding policies for sports at the national level, sports also fall under the authority of dedicated statutory bodies. National

Official Bid Application **TWG 2029**

LOCAL & NATIONAL SUPPORT

sports confederations, federations and associations are empowered – generally by law – to exercise their authority and to govern one or more sports with a certain autonomy.

NATIONAL OLYMPIC COMMITTEE

The International Olympic Committee encourages all National Olympic Committees to assume the role outlined in the Olympic Charter Paragraph 28, Articles 2 and 3, and to sanction the participation of the national delegations in the multi-sport games held under its patronage.

The involvement of the respective host country's NOC or National Sports Organisation (NSO) in the organisation and delivery of all editions of TWG was decisive to their success. For TWG 2025, too, the Chinese Olympic Committee has assumed an active role in the preparations, collaborating closely with the Chengdu Organising Committee.

An Applicant City is required to obtain formal sanction and support for TWG 2029 from all relevant sporting authorities and the NOC or NSO before it can become a Candidate City.

PUBLIC SUPPORT

Additionally, the project of hosting TWG 2029 will need acceptance and support among the population at local, regional and national levels. Bidding cities will be required to provide evidence that general public opinion is favourable towards the project.

REQUIREMENTS

LOCAL/REGIONAL PUBLIC AUTHORITIES

Formal sanction and guaranteed support to the project of hosting TWG 2029, allowing the Applicant City to live up to all commitments it assumes by concluding the Host City Organiser Agreement with the IWGA.

NATIONAL PUBLIC AUTHORITIES

- Endorsement of the bid project
- Covenant from the relevant public authority guaranteeing free access to and free movement around the host country for all participants accredited for TWG 2029
- Covenants that guarantee the terms and conditions levied for the importation and exportation of equipment and products at the time of TWG 2029

SPORTING AUTHORITIES

- Endorsement of the bid application
- Pledge to support the Applicant City in the planning, preparing and executing of TWG 2029 in all matters concerning sports

NATIONAL OLYMPIC COMMITTEE

- Endorsement of the bid application
- Pledge to support the Applicant City in planning, preparing and executing TWG 2029 according to the mission and role of the National Olympic Committee (NOC) and the National Sport Organisation (NSO) (as outlined in the Olympic Charter, Paragraph 28, Articles 2 and 3) and as required by the IOC's Memorandum of Understanding with the IWGA.

POPULAR ACCEPTANCE AND SUPPORT

- Popular endorsement of the bid application

QUESTIONNAIRE

PUBLIC AUTHORITIES

LN 1 Describe the role that local, regional and national public authorities will play in the support, preparation and hosting of TWG 2029. In addition to an outline of the role of each authority, provide a description of the

LOCAL & NATIONAL SUPPORT

coordination between these bodies and the LOC and any other vehicle established to host the Games. In the case of the local public authorities specify in detail the confirmed levels of support from each authority.

LN 2 Provide any written guarantees obtained from the specified local, regional and national public authorities regarding their support and commitment – financial or other – towards the Games.

LN 3 List all relevant public elections scheduled in the host country up until 2030 and indicate whether the outcome of such elections could have any impact on the preparation or staging of the Games.

LN 4 Describe the regulations in force in the host country regarding immigration and entry visas. Provide a statement on the conditions imposed by the public authority responsible for immigration and entry visas to all Games accredited people.

LN 5 Specify any regulations concerning the import of products, equipment, etc. required by Games accredited people (athletes, team officials, media, etc). Provide a statement on the conditions imposed by the public authority responsible for the importation and exportation of these products, especially in relation to the duties or other taxes that may apply at the time of TWG 2029.

LN 6 Identify all potential obstacles arising from national or international obligations binding the host country (e.g. national law, international treaties, European Community rules and requirements) that may conflict with the obligations of the Host City pursuant to the Host City Organiser Agreement, the IWGA Constitution and the Rules of The World Games, including obligations of commercial, financial, fiscal or legal nature.

SPORTING AUTHORITIES

LN 7 Provide a general overview of how sport is

legislated for and governed in the host country.

LN 8 Describe the role the national (regional, local) sporting authorities will play in the support, preparation and staging of TWG 2029.

LN 9 Provide any written guarantees obtained from the specified sporting authorities regarding their support and commitment towards the Games.

NATIONAL OLYMPIC COMMITTEE/NATIONAL SPORT ORGANISATION

LN 10 Describe the role the NOC/NSO will play in the support, preparation and staging of TWG 2029 pursuant to its mission and role.

LN 11 List any members of the NOC/NSO – and of the IOC – who are involved in the preparation of the bid project and who will likely assume a role in the LOC.

LN 12 Provide an endorsement of the bid project for TWG 2029 by the NOC/NSO.

POPULAR ACCEPTANCE AND SUPPORT

LN 13 Provide any evidence of the acceptance and support of the local (regional, national) population towards the project of hosting TWG 2029.

- Opinion polls – provide details of specific polls carried out (dates, sample size, questions asked)
- Statements by citizens
- Track record (popular support to similar projects in the past)
- TWG 2029 pre-bidding awareness campaigns – provide details

ADDITIONAL

LN 14 Provide any additional information the Applicant City considers relevant in the context of local and national support to TWG 2029.

LEGAL ASPECTS

4. LEGAL ASPECTS

GENERAL

INTRODUCTION

Theme 4 seeks to establish whether an Applicant City and the other public authorities at all levels understand and act in conformity with the IWGA Governing Documents as well as the Host City Organiser Agreement.

Theme 4 also addresses the issues of “The World Games [Host City] 2029” mark and symbol protection.

CITY AUTHORITIES

A declaration from city authorities confirming that the persons submitting the bid project are empowered to represent the Applicant City is required. The names and/or titles of persons who will – prior to the award of TWG 2029 to a Host City – have the authority to negotiate and sign contracts and other documents on behalf of the city need to be provided.

APPLICANT/CANDIDATE HOST CITY UNDERTAKING

Applicant/Candidate Host Cities are required to abide by the terms of the Candidate City Undertaking (“the Undertaking”).

Representatives of each Applicant City – and the representatives of all other public authorities involved in the bid application – must duly sign and return the Undertaking (below) to the IWGA with the other bid documents, not later than 31 July 2023 / 2024.

The Undertaking (Text)

1. [Name of the Applicant City] as well as all the other public authorities involved in the bid application recognise and declare that they are aware of the Organiser Agreement which shall be executed with

the IWGA as a condition of the validity of the award if the city is selected for the organization of TWG 2029 (such Organiser Agreement being referred to herein as the “Host City Organiser Agreement”) and are prepared to sign the Host City Organiser Agreement without reserve or amendment.

2. In consequence thereof, the city and the other public authorities declare that – during the period of the candidature of the city – they will refrain from becoming a party to or approving or consenting to any act, contract, commitment or any other action contrary to or which might affect any of the obligations stipulated in the Host City Organiser Agreement.

3. Should the city and other public authorities involved in the bid application have already entered into or approved or consented to a commitment which would conflict with, jeopardise, prevent or make impossible the fulfilment of any provision of the Host City Organiser Agreement, the city and the other public authorities shall bring to the attention of the IWGA Executive Committee all such commitments. The city and the other public authorities involved in the bid application declare that all such commitments shall be neither enforced nor enforceable vis-à-vis the IWGA and that such commitments shall be deemed, as regards the IWGA and any party with which the IWGA may enter into an agreement with respect to the TWG 2029, to be null and void, unless approved in writing by the IWGA Executive Committee. Furthermore, the city and/or the IWGA shall take all steps necessary to terminate or cause to be terminated all such commitments which would be contrary to obligations stipulated in the Host City Organiser Agreement.

4. The city and all other public authorities involved in the bid project undertake to abide by the IWGA Constitution and Regulations and any directions of the IWGA Executive Committee regarding the use of the marks and symbols of TWG 2029.

5. The city and all other public authorities involved

LEGAL ASPECTS

in the bid project have ensured, or shall ensure, that symbols, marks and other designations as determined by the IWGA Executive Board for TWG 2025 are protected in the name of the IWGA and/or have obtained, or shall obtain, from their competent national authorities, adequate and continuing legal protection to the satisfaction of the IWGA and in the name of the IWGA. The city has brought this provision to the attention of the competent authorities and confirms that these authorities have agreed, or shall agree, with its contents.

6. The city and all other public authorities involved in the bid project declare that any dispute arising during the period of the candidature of the city, in connection with this Undertaking, shall be definitively settled by the Court of Arbitration for Sport in Lausanne, Switzerland, pursuant to the Code of Sports-related arbitration. Swiss law shall be applicable to this Undertaking.

7. This Undertaking shall remain in full force and effect until it is superseded by the provisions of the Host City Organiser Agreement, which shall be executed on the date of the award of TWG 2029.

THE COVENANT (TEXT)

Covenants from the authorities – local, regional and national – concerned by the project of hosting TWG 2029 are required, to guarantee the following:

[Name(s) of the duly authorised representative(s)] hereby confirm(s) that the government of [name of the host country/regional authority of (name of the region)/local authority of (name of the city)]

1. Guarantee(s) the respect of the IWGA Governing Documents and the Host City Organiser Agreement;

2. Understand(s) that all representations, warranties and covenants contained in the Applicant City's bid documents, as well as all other commitments made, either in writing or orally, by either the Applicant City or other public authorities involved in the bid application

shall be binding on the City;

3. And guarantees that it will take all the necessary measures in order that the city fulfils its obligations completely.

IWGA SYMBOL

Applicant host cities may be granted the right to use the IWGA symbol (the "W" with the sphere, four symbolic orbits and "INTERNATIONAL WORLD GAMES ASSOCIATION" as text) in conjunction with another graphic device or logo to create a single emblem for use in promotional material such as posters, brochures, video presentations and such other items (e.g. mascot or other graphic design) as may be approved by the IWGA in advance of any effective use. Such emblem (or other graphic design) must contain terminology which stipulates that the city is an "Applicant City for TWG 2029" or – if shortlisted – a "Candidate City for TWG 2029."

SYMBOLS CREATED BY THE APPLICANT/ CANDIDATE HOST CITY

Candidate Cities may not use the IWGA symbol even in conjunction with the specific emblem mentioned above for any other purpose than presentation of the candidature. They may, however, use their own emblem or graphic device used without the IWGA symbol for commercial purposes including merchandising sales within the country in which the Candidate City is located, subject to the prior approval of the IWGA.

Notwithstanding the above, Candidate Cities may not commercialise their own emblem or graphic device with respect to product or service categories forming the subject matter of the IWGA's international marketing programme during the period of candidacy, unless a prior approval of the IWGA is obtained.

Subject to the prior approval of the IWGA, a Candidate City may grant to its supporters the right to use the standard designation "Supporter of TWG 2029 [name

LEGAL ASPECTS

of the Candidate City] Candidature." This designation may be used in conjunction with their own emblem or graphic device or logo, without the IWGA symbol or with any design that is confusingly similar to the IWGA symbol.

All rights to the use of the Candidate City's graphic device or logo or any candidacy-related designation terminate on the date of the decision to award the TWG 2029 for which the city is a candidate, without the supporters having any automatic or binding residual rights, options or other arrangements of any nature – expressed or implied – with respect to the TWG 2029 if the Candidate City is successful.

If the Candidate City is awarded TWG 2029, the provisions of the Host City Organiser Agreement will apply immediately and will henceforth govern all commercial activities involving the marks and symbols of TWG 2029.

The use of the Olympic rings, always together with the text "Event Recognised by the International Olympic Committee" is limited to non-commercial activities only and governed by the norms specified in the IOC Corporate Identity Manual.

PROTECTION OF "TWG 2029 [HOST CITY]" MARKS, SYMBOLS AND DESIGNATIONS

An Applicant City must confirm that appropriate measures have been – and will be – taken to protect the word mark "TWG 2029 [Host City]" as well as the symbols, emblems and designations related to TWG 2029 within the national territory. A declaration by the relevant authorities must confirm that legal and legislative measures are enforceable to protect marks, symbols, emblems and designations within the national territory.

REQUIREMENTS

CITY AUTHORITIES

- A declaration from the city authorities confirming that a bid committee or a similar entity is empowered to represent the Applicant City and submit the bid project for TWG 2029 on its behalf.
- List of the names of persons – and/or their titles – who have the authority to sign contracts and other documents on behalf of the city.

THE UNDERTAKING

Representatives of the Applicant City – as well as the representatives of other public authorities involved in the bid project – must sign and return the Undertaking not later than 31 July 2023.

THE COVENANTS

Covenants from all authorities – local, regional and national – concerned by the project of hosting TWG 2029 have to accompany the bid project at the time of submission.

MARKS, SYMBOLS AND DESIGNATIONS

Documentation indicating that appropriate measures have been – and will be – taken to protect the word mark "TWG 2029 [Host City]" and all associated symbols, emblems and marks/designations within the national territory.

DOMAINS

An Applicant City needs to confirm that, in case it is selected, it will assume the costs for the registration of the domains that have been registered by and are currently the property of the IWGA. The cost of the domains will be assumed by the selected host city starting with its year of selection and ending 2 years after the TWG 2029 has ended.

LEGAL ASPECTS

The Applicant City must commit to use the domains for TWG 2029 as per instructions of the IWGA and continue providing the content published under these domains for at least 2 years after TWG 2029 have ended.

QUESTIONNAIRE

CITY AUTHORITIES

LA 1 If a bid committee has been constituted, name and describe its legal entity.

LA 2 Provide a declaration from the city authorities confirming that the bid committee or another entity is empowered to represent the Applicant City and indicate the names of the persons and/or their titles who have the authority to sign contracts and other documents – such as the Undertaking – on behalf of the city.

THE UNDERTAKING

LA 3 Did the Applicant City, the bid committee or any other entity involved in the bid project enter into project-related agreements which would be in effect after the date of election of the Host City for TWG 2029 and which have not been approved or agreed to by the IWGA? Did anyone involved in the bid project grant any options or rights of renewal to sponsors that would result in agreements being in effect after the date of election of the Host City? If so, please describe them.

Please confirm that these agreements would not jeopardise, prevent or make impossible the fulfilment of any provision of the Host City Organiser Agreement.

Provide copies of The Undertaking signed by each public authority – national, regional and local authorities – involved in the bid project and concerned by the project of hosting TWG 2029.

THE COVENANTS

LA 4 Provide a covenant from each public authority – national, regional and local authorities – concerned by

the project of hosting TWG 2029. Use the template The Covenant or similar wording.

Protection of “TWG 2029 [Host City]” Marks, Symbols and Designations

LA 5 Describe the legal measures in force in the host country to protect the word mark “TWG 2029 [Host City]” plus all emblems, logos, marks and designations related to TWG 2029.

LA 6 Provide documentation indicating that appropriate measures have been – and will be – taken to protect the word mark “TWG 2029 [Host City]” and all symbols, emblems and marks/designations related to TWG 2029 within the national territory.

TWG 2029 DOMAINS

LA 7 Provide information on how the domains that the IWGA has assigned for the online presence of TWG 2029 are to be administered.

ADDITIONAL

LA 8 Provide any additional information the Applicant City considers relevant in the context of the legal aspects.

FINANCE

5. FINANCE

GENERAL

INTRODUCTION

Theme 5 seeks to establish the viability of the financial plan and the budget developed for TWG 2029. Since the Host City – and its LOC – are responsible for all commitments concerning the organisation and staging of TWG 2029 as described under these themes, they shall assume the entire financial responsibility for the organisation and staging of TWG 2029.

- The theme also lists the financial guarantees required to
- Ensure the financing of all major capital investments required to deliver TWG 2029.
- Cover any potential economic shortfall of the LOC.

GAMES FINANCIAL ARRANGEMENTS

All costs of TWG 2029 shall be met directly or indirectly by the Host City/LOC.

The Host City/LOC shall

- Pay a signing-fee of 2.000.000 CHF within 30 days after signing the TWG 2029 Organiser Agreement and
- Contribute towards the operating costs of the IWGA and the support in kind (Result and Timing service, TV production, IWGA VIP and Sponsor Hospitality) that IWGA will provide to the event by making four annual payments of 4.500.000 CHF each. The first payment is due on 1 February 2026; the remaining three payments are due on 1 February of each successive year until 2029.

All income generated by the LOC through the marketing of commercial rights to TWG 2029 – such as sponsorships, merchandising, sale of admission tickets, etc.

– shall be retained fully by the LOC.

The IWGA will transfer to the LOC 60% of the net income (i.e. after deduction of agency commissions and other costs of acquisition or implementation) generated through sponsorships which it acquires in consideration for rights granted in connection with TWG 2029.

Any financial shortfall resulting from the TWG 2029 project shall be assumed in its entirety by the LOC.

Any financial surplus resulting for LOC from TWG 2029 will be shared between the LOC and the IWGA in proportions dependent on the levels of profit, which will be set out in a table in the Organiser Agreement.

GAMES BUDGET

An Applicant City must include in the bid application a detailed operating budget – revenues and expenses – related to the organisational arrangements for TWG 2029. It should be realistic and accurate, following full consideration of each line item. The Games Budget is prepared and managed by the Host City/LOC and must be formally approved by the IWGA. In order to obtain verifiable and comparable data, budgets should be based on economic conditions existing at the time of the bid application. The possible inflationary and currency effects will be analysed by the IWGA. All budget figures must be provided both in local currency and CHF (Swiss Francs), with the exchange rate specified and used consistently in all information.

The Games Budget is the operations budget for the organisation and the staging of TWG 2029. A separate budget should be presented for infrastructure development costs for sports venues and other major infrastructure projects. These costs should not be included in the Games Budget.

The IWGA confirms that the Host City is not required to build facilities or expand on available infrastructure for the sake of TWG. If any major infrastructure project

FINANCE

has been undertaken by the public authorities or the private sector this must be financed independently of the Games Budget.

GAMES BUDGET CATEGORIES

The description of each budgetary section listed below provides applicant host cities with information on what elements are to be taken into consideration in the preparation of their budgets.

LOC REVENUES

Broadcast and other media rights

Revenues arising from the sale of broadcast and other media rights will be marketed internationally by IWGA's service partner and belong to IWGA. Only national broadcast and media revenues should be shown in the LOC budget.

Sponsorship

Revenues in both cash and value-in-kind (VIK) may arise from the sale of sponsorship rights. Some commercial arrangements with sponsors may contain elements of VIK. In this case, the respective percentages in cash and in VIK should be specified. Only VIK that is budget effective (i.e. reducing budgeted organising costs) shall be taken into account. The monetary value of the VIK provided shall be shown in the revenue column of the budget, with corresponding figures entered in the appropriate places in the expenditure budget.

Official suppliers

Suppliers are granted specific rights, at levels of investment lower than for sponsorships, with reduced benefits and marketing opportunities. Typically, the official suppliers provide VIK to the LOC.

Ticket sales

Revenues generated through ticket sales to TWG 2029

events, Opening and Closing Ceremonies and other programmes, including the cultural programme.

Licensing and merchandising

Revenues generated through licensed product sales activities.

Lottery

Revenues arising from national and other lotteries organised in relation to TWG 2029.

Donations

Revenues in cash or VIK received from third parties without any sponsorship or marketing rights attached.

Disposal of assets

Revenues arising from post-Games sales of capital investments such as installations and equipment for which the LOC or the Host City holds title of ownership.

Subsidies

Subsidies received from city, regional or national authorities.

Other revenues

Other revenues not included in the above sections, including

- Interest income and exchange gains: interest earned on invested cash, as demonstrated by the cash flow model, and exchange gains from hedging strategies for revenues and expenditures denominated in currencies other than the domestic currency;
- Interest expenses and exchange losses should be reflected as a financing cost in the expenditure budget;
- Commissions paid by hotels for clients who pay

FINANCE

for rooms in the hotel network of TWG 2029;

- Catering revenues or commissions on sale of food and beverage sales at the venues;
- Test event income: revenues from the conduct of test events that accrue solely to the benefit of the LOC, generally from sponsorship, media rights, ticket sales or athlete participation fees;
- Revenue from rate card services, that is income generated by the LOC from the fee-based provision of goods and services – in excess of the entitlements stipulated in the Host City Organiser Agreement – to the participants in TWG 2029. The rates for such goods and services are generally subject to the approval of the IWGA.

Other miscellaneous revenue

Other miscellaneous revenue refers to revenues not specifically categorized or mentioned above.

LOC EXPENDITURES

Capital investments

This section refers to the costs of upgrading existing sports facilities incurred by the LOC – or to contributions to other parties by the LOC for the cost of renovation. If such upgrading or renovation is not fully funded by the LOC, it should not be included in the Games Budget.

Games Operations

This section includes the planning, implementation, establishment and operating costs of all services to and all facilities of TWG 2029. Note that the staffing costs for these operations are shown under section "Games Workforce".

- IWGA will provide production services of the national and international television signals of TWG 2029, for an estimated amount of 7 million

CHF (net). This must be entered in the income column as VIK, whilst a corresponding expense shall be booked. If national sales of media rights can reasonably be expected, the LOC may budget for a small income from this source. This section includes the costs of the planning and management contract with the Games Host Broadcaster.

- Construction of temporary facilities for TWG 2029. This category includes costs for facilities that are temporary or temporary adaptations to existing facilities such as seating, tents, portable buildings, toilets, lighting, power and the costs to install, operate, maintain, dismantle and restore the facilities to their permanent configuration.
- Furniture, fixtures and equipment required in relation to these facilities (e.g. for sports events, training venues and test events) that will be disposed of after TWG 2029, including the costs to deliver, install, maintain, recover and dispose of the equipment.
- Rental costs for venues if the installations do not belong to the Host City. The IWGA expects facilities owned by public authorities to be provided to the LOC either at no cost, or at a rental cost.
- Electricity and other sources of energy.
- Facility logistics, covering the costs for the delivery, set-up, installation, maintenance, tracking, recovery and disposal of venue furniture, fixtures and equipment.
- Cleaning and waste management services.
- Event services at the sports venues, including costs for crowd control, bag search operations, ticket checking, ushering and spectator information, etc.
- Command, control and communications:

FINANCE

communication, coordination and decision-making structures for the Games-time operations. Includes costs for the headquarters operations centre, venue communications centres and functional command centres.

- Information desk operations at the venues and at the places where the athletes and officials are accommodated.
- Non-competition venues, including the Main Media Centre (MMC) and the International Broadcast Centre (IBC).
- Photographic and written press operations: operating costs of the Main Media Centre and of the satellite (venue) media centres.
- Other non-competition venues: taking into consideration the level of services required, and the complexity and duration of their operation.

Games Workforce

The workforce consists of LOC staff, volunteers, consultants and contractors. In year one of the cycle numbers will be relatively low, but they will build progressively during the four-year cycle to reach a maximum during the Games.

- Permanent staff of the LOC: salaried staff whose employment is for a duration greater than one year
- Temporary LOC staff: usually Games-time or project-specific staff whose employment is for a duration of one year or less
- Volunteers: primarily Games-time volunteers, but pre-Games volunteers should also be considered
- Consultants: project-specific advisers during the life of the LOC
- Contractors: employees of contracted service providers

- Costs for the human resources administrative function should be included under section "Administration"

Technology

Technology covers information systems, telecommunications and other technologies. LOC must be able to demonstrate that cost estimates are consistent with the VIK components of the sponsorship revenues. However, it is likely that the LOC will also face significant cash costs, above all for systems integration.

Information Systems

Typically, information systems consist of the following functional components.

- Timing and scoring systems
- Results systems
- Games management systems, such as accreditation
- Administrative systems, such as finance, human resources, project management, procurement and logistics
- Integration of systems
- Systems operations
- Hardware and systems software
- Printing and publishing

The timing, scoring, results and games management systems – specifically designed to the requirements of TWG and fully integrated – will be provided by IWGA's service partner at an estimated cost to IWGA of 4 million CHF (net) which must be entered in the income column as VIK, whilst a corresponding expense shall be booked.

FINANCE

Telecommunications and other technologies

Typically, they include the following functional components.

- Communications infrastructure
- Landline communications
- Wireless communications
- Radio frequency communications
- Public address systems
- Cabling
- Televisions and recorders
- Imaging
- Video boards

Internet

Internet comprises pre-Games and Games-time websites, streaming channels, social networks, etc. The development of applications and other services for smartphones also fall under the subsection.

Ceremonies and culture

Costs incurred for the ceremonial, artistic, celebratory and cultural aspects of TWG 2029. The area provides the LOC with the opportunity to showcase the artistic and cultural heritage of the Host City, the host region and country. While some of it is based on a level of investment decision by the LOC, the highest standards need to be maintained throughout. The following need to be considered.

- Opening Ceremony
- Closing Ceremony
- IWGA Flag hand-over ceremony at TWG 2025 Chengdu
- Medal Award ceremonies

- Cultural programmes
- TWG Plaza and Athletes' Night
- Other programme initiatives and special events, such as educational programmes

Medical services and doping control

Even though the IWGA advises all participating athletes and officials to arrange for adequate personal health insurance cover in the host country for the duration of TWG 2029, the LOC is responsible for the costs of the following medical services/facilities, which should be budgeted in this section.

- First aid, medical care for athletes/officials at competition and training venues
- Emergency medical services and hospital facilities for athletes/officials in the Host City
- Medical transport facilities
- Doping controls, even if the anti-doping legislation in a host country could lead to the associated costs being assumed by service providers

Accommodation and Catering

Costs incurred to meet accommodation, food and beverage requirements of the accredited athletes, officials and guests of the IWGA, including but not limited to the constituents and cost categories listed here.

- Accommodation for athletes and team/technical officials in hotels of the category appropriate for each constituent group (and/or in university campus student apartment). The Host City provides free accommodation for participants in the sports programme, up to an agreed maximum number of persons. This number will not exceed 5,000 including the coaches and technical officials.
- VIP Guests of the IWGA in hotels of the

FINANCE

appropriate category. The number of VIP guests invited by the IWGA will not exceed 250/day (including IF Presidents, Secretary Generals and IOC/NOC/NSO members) for the Games period.

- Games-time accommodation for non-local workforce and volunteers

Full-board catering for the different constituent groups includes

- Athletes and officials: on a cost-per-meal basis projected for 2029
- Guest catering and VIP hospitality
- Meals for staff and volunteers

Participants of the Display Programme. The Display Programme of TWG 2029 is not reflected in this number as their accommodation and catering is paid for by their respective IF.

TRANSPORT

Costs incurred to provide all participants in TWG 2029 with reliable, secure and efficient transport between the various sites and venues. If the sites and venues are all close together or grouped in clusters transport costs will be lower. Different groups of participants are entitled to different forms of transport, including car, bus, tram and rail. A city's existing transport systems can be enhanced effectively by adding services such as dedicated routes, additional bus services, etc. The following groups are to be considered in the planning.

- Athletes' and officials' transport from nearest airport to/from accommodation sites and to/from venues
- Anti-doping officials' transport
- Guests' transport (VIP)
- Media transport
- Workforce transport
- Spectator transport

Security

Costs incurred to provide the necessary security for the participants in TWG 2029 as well as the visitors and residents of the Host City. Security includes physical security, asset protection, access control, public safety, protection of VIPs, etc. at sports venues, in hotels and at all other sites of TWG 2029, and during transport between the venues and sites. The following costs will need to be considered.

- Private security contractors
- Additional services rendered by law enforcement agencies – according to their jurisdictional responsibilities
- Equipment
- Planning, coordination and training

Advertising and Promotion

Costs incurred for the advertising and promotion of TWG 2029. Costs will include

- Advertising and promotion through international and domestic media
- Advertising and promotion through social media.
- Communications (international and domestic)
- Media relations (international and domestic)
- Community relations
- Promotional events and programmes (international and domestic)
- Marketing and sales programmes
- Sponsorship sales and servicing
- Licensing and merchandising programmes
- Looks of the Games (visual image)
- Decoration of the Host City

FINANCE

- Print and electronic publications
- Audio-visual productions
- Ticket marketing
- Ticket sales and order processing

Administration

Administration includes the costs incurred for the effective management and coordination of all operational activities and to provide administrative support to the LOC in the different areas.

- Executive Office: the top-level executive management, generally the top three to four management levels of the LOC, including the Chief Executive Officer, the Sports Director, the Division Directors and the Area Managers
- Corporate administrative services: headquarters administrative costs, including: headquarters rental, fit-out and operating costs, office furniture and equipment
- Finance: operations of the LOC finance department responsible for financial accounting, financial planning, accounts payable and receivable, internal and external audit, and treasury management
- Risk management: insurance and operational safety costs, including premiums for insurance coverage, brokerage
- Legal services: contract negotiation, legislation, obligations management, brand protection and litigation
- Games Workforce: human resources administrative function for all staff categories (paid, volunteer, contractors), including recruitment, remuneration and benefits, staff requirements planning, workforce relations and recognition, and uniforms
- Planning and project management: master planning, strategic planning, operational planning and integration, timelines and milestones
- Environment: environmental policy and implementation of initiatives
- Post-Games dissolution: settlement of accounts, final financial results and audit, post-Games reporting
- Language services: translation and interpreting
- Procurement and supply chain: requirements definition and scoping, value engineering and resource rationalisation, tendering process, supplier selection, contract administration
- Rate card services: order processing and fulfilment for the fee-based provision of goods and services – which are in excess of the Host City Organiser Agreement entitlements – to the participants in TWG 2029
- Logistics: material logistics, warehouse management, delivery, installation, asset tracking, maintenance and removal of goods, disposal of assets
- Accommodation: establishing and managing the hotel network and other accommodations for TWG 2029, including establishing contracts with the properties and administering reservations
- Accreditation: establishing and administering accreditation policies and operations in cooperation with IWGA's service partner
- Government services and coordination: liaison and coordination of the LOC's relationship with related public agencies

FINANCE

Preliminary events and meetings

Includes the costs of organising events to test LOC functions and venues for TWG 2029. Costs relating to the permanent liaison and coordination between the LOC and the IWGA (including the IFs), as well as costs for the LOC's participation in TWG 2025 Chengdu Observers' Programme and travel to observe other games and events, should also be included in this section.

- Pre-Events of "The Road to (Name of the Host City)"
- TWG 2025 Chengdu Observers' Programme
- Other observation programmes
- IWGA Executive Committee Meetings
- TWG 2029 Coordination Committee Meetings
- IWGA Annual General Meetings
- IF Competition Manager Meetings
- Presentations and reports

Other

Operating costs not included in the above sections.

Contingency

Establishment and management of financial contingencies against financial risks and uncertainties is an important component of the budget. The contingency is designed to provide a financial cushion against shortfalls in revenues and over-runs in expenses. It should be substantial early in the planning process and then decline as uncertainties become clarified.

Net financial result

The division of any surplus is laid down in the Host City Organiser Agreement. Any financial shortfall of the LOC shall be borne in its entirety by the LOC (and/or underwriters).

OTHER BUDGETS

Independent budgets would need to be presented for all major infrastructure development projects and support operations that benefit TWG 2029 but cannot be included in the Games Budget.

Non-LOC facilities budgets

Capital investment budgets of the city, regional or national authorities and/or the private sector for the creation of new infrastructures – or the updating of existing infrastructures – which will be used for TWG 2029 should be disclosed, even if such investments have been integrated into long-term urban development plan.

Non-LOC operating budgets

Budgets for the financing of support operations to TWG 2029 provided by the different levels of government and/or others should also be disclosed.

TAXATION

A critical element of the financial management of the Games is the identification and minimisation of the impact of taxation on the Games and their organisation. The regime of taxation applicable for TWG 2029 needs to be analysed early and thoroughly. The details of all forms of taxation and their impact on the budget, on the LOC legal structure, and on the general organisational planning and operations need to be considered.

- Corporate taxes
- Capital taxes
- Income taxes
- Value-added taxes
- Withholding taxes
- Tax exemptions

FINANCE

CASH FLOW PROJECTIONS

Expected annual cash flows and financing lines from the award of TWG 2029 (TWG-5 years) through the full dismantling of the LOC must be provided and updated on a regular basis, at least each semester.

REQUIREMENTS

AGREEMENT TO FINANCIAL ARRANGEMENTS

Confirmation that the Applicant City agrees to the financial conditions of organising and hosting TWG 2029 and that it accepts the financial arrangements as described above, and is in a position to provide an acceptable form of independent guarantee of its ability to pay the entire 20.000.000 CHF (twenty million Swiss Francs) due to IWGA in the form of the signing-fee of 2.000.000 CHF (two million Swiss Francs) and four annual contributions of 4.500.000 CHF (four million five-hundred-thousand Swiss Francs).

FINANCIAL SHORTFALL GUARANTEE

Details of how and by whom any financial shortfall would be absorbed plus guarantee(s) from all entities that underwrite such shortfalls must be submitted.

GAMES BUDGET

Proposed Games Budget as per template and guidance on budgetary sections provided above. In addition to the standard structure of the Games Budget included in the Candidature File, comprehensive data supporting the build-up of each budgetary section must be submitted prior to the Evaluation Commission's visit to the Candidate Host City. Subsidiary schedules that demonstrate the levels of service, the quantification and the detailed pricing used for the cost estimates are required.

NON-LOC BUDGET(S)

Details and budget(s) for any capital investment in

major infrastructure development projects by a local, regional and national authority, or by a private entity, that will be used for TWG 2029.

Details and budgets for the financing of support operations to TWG 2029 provided by the different levels of government and/or others, including official confirmation of such support.

TAXATION

Outline of the tax regime the LOC will be subject to, including any structure established for the purpose of planning and organising TWG 2029.

CASH FLOW PROJECTIONS

Cash flow forecasts, disclosing expected annual cash flows and financing lines from the award of TWG 2029 through the full dismantling of the LOC.

FINANCE

QUESTIONNAIRE

FINANCIAL CONDITIONS AND ARRANGEMENTS

FI 1 Provide a letter confirming that the Applicant City agrees to the financial conditions of organising and hosting TWG 2029 and that it accepts the financial arrangements.

FINANCIAL SHORTFALL GUARANTEES

FI 2 Provide details on how and by whom a potential economic shortfall would be absorbed. Provide a financial guarantee from the competent authorities and/or entities covering a financial shortfall of the LOC.

GAMES BUDGET

FI 3 Complete the Games Budget as per the Games Budget Template and the guidance on budgetary sections provided in chapter 5. In order to obtain verifiable and comparable data, the Games Budget should be based on economic conditions existing at the time of the preparation of the Candidature File. Possible inflationary and currency effects will be analysed by the IWGA. All budget figures must be provided both in local currency and Swiss Francs with the exchange rate specified and used consistently. For budgeting purposes, applicant host cities should use the amounts communicated by the IWGA by circular letter for the broadcast/media rights as well as other arrangements controlled by the IWGA's service partners.

NON-LOC BUDGET(S)

FI 4 Provide details and budgets on capital investments in major infrastructure development projects from which TWG 2029 will benefit, but that are made by authorities or entities other than the LOC.

Provide details and budgets for the financing of support operations to TWG 2029 by the different levels of government and/or other entities.

Provide official confirmation of such support.

TAXATION

FI 5 Describe the various types of taxes currently levied in the host country, and which may have an impact should TWG 2029 be staged there.

FI 6 Describe the impact of local and international taxation for the participants in TWG 2029 and for accredited media, broadcasters, etc.

FI 7 Outline the tax regime the LOC – including any structure established for the purposes of planning and organising TWG 2029 – will be subject to.

FI 8 Describe the impact the tax status of such structure – whether fully taxable or tax exempt – will have on the operations of the LOC and TWG 2029 in the various fields of taxation.

FI 9 Provide confirmation on how the tax authorities treat tangible and intangible rights, in particular fees payable by the LOC to the IWGA as well as broadcasting/media and marketing rights.

CASH FLOW

FI 10 Provide cash flow forecasts, disclosing expected annual cash flows and financing lines from the award of TWG 2029 (G -5 years) through the full dismantling of the LOC by using the Cash Flow Forecast Template.

ADDITIONAL

LN 11 Provide any additional information the Applicant City considers relevant in the context of finance.

Official Bid Application **TWG 2029**

SPORTS & VENUES

6. SPORTS & VENUES

GENERAL

INTRODUCTION

This chapter seeks to establish an Applicant City's plan for sport and venues, including elements such as the sports programmes, the collaboration with national sports organisations and the venue identification. All planning for this theme requires the closest collaboration between the IWGA, its Member IFs and the Host City. And as stipulated in the Host City Organiser Agreement, TWG 2029 can only be effectively organised and delivered through a well-functioning partnership involving all the stakeholders.

Since sports are the mainstay of TWG 2029, their impeccable organisation and presentation are crucial to the Games. The IWGA, as well as its Member International Federations (IFs) and partners, will provide the LOC with guidance and assistance – as required – to ensure proper planning and organisation of the competitions at TWG 2029. It is only with the knowledge gained from previous games that a host city will be successful and avoid unnecessary expenditure.

The local national sports associations affiliated with the IWGA Member IFs and other national sports organisations – such as the NOC – should also be requested to provide the LOC with assistance and support in the field of sports. An Applicant City should ensure their active involvement from the earliest bid stages and establish the formula for their full integration into the LOC structure after the award.

SPORTS

Official Sports Programme

The IWGA undertakes to establish the Sports Programme in consultation with the Host City. Eligible to be included in the Sports Programme are all those sports – or disciplines of sports – governed by the

IWGA Member IFs that fulfil the participation criteria set out in the Rules of The World Games and which have applied to participate. A sport's inclusion in the Sports Programme depends on the availability of suitable venues and facilities in the Host City. The final decision on the content of the Sports Programme lies with the IWGA.

The IWGA Member International Sports Federations as well as the sports, disciplines and events eligible to be on the Sports Programme are listed on the next page.

Numbers represent the number of athletes competing for this category
 * Number of teams competing in this specific event
 ** Number of athletes competing in this event differs from other events in this category
 *** Number dependent on qualifying countries

For more information including total quota of athletes per sport, please check the qualification criteria of each participating sport federation.

SPORTS & VENUES

The procedures for determining the composition of the Sports Programme – with all the details of sports, disciplines and events of TWG 2029 – are described in the Constitution of the IWGA as well as the Rules of The World Games. The composition of the programme is mainly dependent on the

- Availability of existing facilities in the Host City,
- Evaluation of the sports
- Outcome of discussions within the Coordination Committee and
- Decisions of the IWGA Executive Committee, taking account of the total number of participating athletes and officials agreed upon in the Host City Organiser Agreement.

IF Commitment

Based on the decisions taken by the IWGA Executive Committee, instructions are issued by the IWGA CEO to each IF. These instructions govern the participation of the IF in TWG 2029, reflecting the

- Sports, disciplines, events
- Number of medals
- Number of athletes (male, female)
- Number of technical and team officials (judges, referees, delegates, technicians, Competition Manager (CM), IT Manager (IT))
- Arrival and departure dates, including Number of bed nights
- Allocated venues
- Competition schedules.

Display Programme

The IWGA undertakes to establish the Display Programme with a quota of up to 200 participants, in consultation with the Host City.

The Display Programme is subject to approval by the IWGA ExCo and the Host City. The Display Programme may include disciplines of IWGA full members and others, provided that these disciplines are played globally, and the Federation involved has organised at least two World Championships in each discipline it proposes. An IF without IWGA Member status must be compliant with the World Anti-Doping Code and agree that possible doping controls – as per IWGA instructions – are carried out at its own or at LOC expense. In exceptional circumstances, such as the high popularity of a particular local sport, the Host City may propose at most one discipline of a sport that does not meet the globality criteria.

The costs of the accommodation of sports on the Display Programme are carried by the International Federation involved with a limited number of places being made available by the Host City as part of the contract. No official competitions are permitted. Participants in the display events shall not receive medals. Certificates or diplomas may be awarded based on participation. The number of participants for the Display Programme which is not part of the overall quota mentioned above is agreed between IWGA and the Host City and should not exceed 200.

Technical Control and Direction

The IWGA – through participating IFs – monitors the technical control and direction of the sports programme at TWG 2029.

It ensures the appointment by each International Federation of a

- Competition Manager (CM) who will advise the Host City regarding the choice of venue – which will then have to be approved by the IF – and who will brief the LOC on all sport-specific requirements for facilities, equipment and services throughout the planning and preparation process, and who will be the guarantor that competitions will be staged in accordance with the rules and

Official Bid Application **TWG 2029**

SPORTS & VENUES

regulations of the respective sport.

- Information Technology Manager (ITM), Communications Manager (COM) and TV Manager (TVM) who are officials of the IF, and liaise between the CM, the LOC, the IWGA's service partners and other partners in this field.
- Technical Officials for each sport – within the limits of the total number agreed to in the Host City Organiser Agreement and instructions to IFs – in order to ensure that the rules and regulations of the respective sports are followed.

Sports Presentation

The IWGA develops – in cooperation with the IFs and the LOC – a comprehensive sports presentation concept and strategy for each individual event.

The IWGA ensures that the final results and rankings for individual events at TWG 2029 are established by the respective IFs.

The IWGA ensures that the final results, medal tables and record lists are archived by the IWGA – in cooperation with the respective IFs and its service partner – beyond TWG 2029.

The IWGA ensures that each IF will establish – jointly with the IWGA and the LOC – the competition schedule, competition and training facility requirements, sports equipment requirements, technical installations and services to Competition Managers and other officials.

Athletes' Selection and Qualification

The IWGA – through its Member IFs – guarantees that all individual events of the Sports Programme will be of world class standards. It defines and enforces the criteria for eligibility, qualification and selection of athletes competing for medals in the Official Sports at TWG 2029.

Sporting Jurisdiction

The IWGA Member IFs – as the world governing bodies – hold the jurisdiction over their sports and are responsible jointly with the IWGA for all technical sporting matters and for applying competition sanctions. Typically, the Competition Manager and the IWGA Sports Department will oversee the delivery by LOC of each sport's technical requirements, including but not limited to

- Competition and Training Schedules
- Competition and Training Venue Requirements
- Sports Equipment
- Results and Information Services
- Competition Management
- Games Officials

The IWGA Member IFs are bound by the Rules of The World Games to

- Ensure their full compliance with the World Anti-Doping Code and the IWGA Anti-Doping Rules.
- Keep to the total number of athletes and officials as stated in the IWGA 's Instructions to IFs.
- Seek approval from the IWGA for extra IF officials required to run their competitions, and to pay the LOC for the costs of such officials.
- Provide the LOC with the names of the qualified and/or selected athletes immediately after 1 January 2029 and no later than eight (8) weeks prior to the start of TWG.
- Provide information on athletes, including TV-footage, photos and pictures, for promotional purposes on an ongoing basis.

The IWGA Member IFs are all committed to

- Provide biographical information on qualified/

Official Bid Application TWG 2029

SPORTS & VENUES

selected athletes as well as rights-free video footage and photos for media and promotional purposes in the lead-up to TWG 2029.

- Promote TWG 2029 to their communities.
- Assist the IWGA and LOC Communication Departments and the Games Host Broadcaster with know-how and expertise in the production and broadcasting of their sports.

Sports Experience

Like the IWGA and its Member IFs, the Applicant Cities should exploit their own experience and know-how related to major sports events and their organisation for TWG 2029. The bid project should include a list of all major international sports events hosted in the past, as well as events scheduled during the lead-up to TWG 2029, and provide background on their organisation.

Additionally, an Applicant City should outline its plans for full cooperation with national sports federations affiliated with the IWGA Member IFs and other national sports organisations in the area of sports.

VENUES

Minimum Venues Standards

All competition venues, and all venue operational elements, must be in line with the commitment to stage world-class competitions. All venues should be safely and efficiently operated, keeping a central focus on an extraordinary athlete experience and spectator comfort – in terms of seating and facilities – and comply with the provisions set out in the technical requirements specific to each sport contested there.

There are no minimum requirements for venue capacities. Instead, the capacity is to be decided according to the context, taking into account the capacity of the existing venue, temporary capacity increase for Games use, popularity of the sport in the host city/country, the ability to sell tickets and avoid empty seats, transport

capacity as well as the use of other surrounding venues in which competitions may be held.

Sustainability principles should be integrated into all aspects of venue design, planning and construction. Make use of existing, planned or temporary venues.

Training venues have also become an important element of the Games, as they provide the platform for the preparation of athletes. Each training venue should be adequately staffed and include the required medical services. The LOC shall ensure that appropriate security measures are in place in training venues and that athletes' preparations will not be disturbed.

Venue List

A list should be compiled with all

- Proposed competition venues
- Proposed training venues

For the competition venues, gross spectator and seating capacities should be indicated.

Although the Applicant Cities are requested to (provisionally) allocate specific sports to specific venues, the IWGA reserves the right to work with the LOC to modify this allocation if necessary.

Venue Location

A compact and clustered layout of all competition and training venues – to the extent that this is achievable – is preferred. Fast and efficient public transport infrastructure, connecting the venues with accommodations and other sites of TWG 2029 could compensate for distance. Most proposed competition venues will have hosted top-level sporting events prior to TWG 2029 and proven formulas for access to the venues by participants and general public should exist. The location of the competition and training venues must be indicated on a map together with the key transport infrastructure, including rail systems and arterial roads.

Official Bid Application TWG 2029

SPORTS & VENUES

Venue Plans

Detailed plans of each of the proposed competition venues and its surrounding environment up to 200 meters must be presented. These plans must identify the public areas within a 200-meter radius and provide information on whether such areas can or cannot be delivered clean, i.e. without any signage and commercial rights held by parties not involved in the commercial and licensing programmes of TWG 2029, during the period of the Games.

Venue Use

The ownership of each venue must be stated, and a written guarantee submitted from all current and future owners, granting use and control of the venue to the LOC for the period of TWG 2029, including exclusive access periods and non-exclusive access periods for set-up and dismantling.

Clean Venue

For the period of TWG 2029, the venues are to be provided clean of commercial rights and all signage that are not directly supporting commercial and licensing programmes of TWG 2029. The competition venues cannot be encumbered, during the period of the Games, by commercial agreements that would conflict with the provisions outlined in the Host City Organiser Agreement.

Guarantee of Venue Use and Commercial Rights

“The undersigned, on behalf of ... [venue owner], hereby guarantees that, with respect to the venue/s of TWG 2029 identified below, which is/are owned by ... [venue owner], the Local Organising Committee for TWG 2029 (LOC) will have

- Exclusive use of the venue; and
- All rights with respect to commercial rights, including but not limited to

- Sponsorship and media rights,
 - Signage and advertising rights,
 - Retailing and concession rights,
 - Ticketing and hospitality rights,
 - During the period ... (the period the LOC has control of the venue) for the
 - Games venue name/s ... (Venue A, B, C ...).

The undersigned also agrees to abide by the terms of Host City Organiser Agreement throughout the duration of the agreement with the LOC and to assist the LOC to combat attempts at ambush marketing.”

REQUIREMENTS

SPORTS PROGRAMME

The Sports Programme of TWG 2029 is made up of all eligible sports, disciplines and events governed by IWGA Member IFs – listed above – for which suitable facilities and conditions can be guaranteed in the Host City. This also applies for sports added to the sports programme in consultation with the IOC, Host City and IPC.

SPORTS EXPERIENCE

List of – and information on – all major international sports events staged since the 01 January 2021 and of all events scheduled through 2029, in the Host City. Experience of, and plans and preliminary agreements for cooperation with all international and national sports organisations.

VENUE LIST

A list of all competition and training venues for the sports on the Sports Programme must be provided, with each sport allocated to its specific venue. Gross spectator and seating capacities for the competition venues should be indicated.

Official Bid Application TWG 2029

SPORTS & VENUES

MAP OF VENUES

The location of the competition and training venues must be indicated on a map together with the key transport infrastructure, including rail systems and arterial roads.

VENUE PLANS

Detailed plans (2D drawings) for the proposed competition venues and their surroundings must be submitted.

VENUE USE

Written guarantees from all current and future owners, granting use and control of the venues – clean of commercial rights and all signage – to the LOC for the period of TWG 2029, must be submitted.

QUESTIONNAIRE

SPORTS

Official Sports Programme

SV 1 List the sports, disciplines and events that can be accommodated in the Host City: all those eligible to feature in TWG 2029 and for which suitable venues, facilities and conditions exist in the Host City and/or its immediate surroundings. If sports are included for which a new venue – temporary or permanent – will need to be constructed, specify that in the list and provide all additional under “Venues”.

Additions to Sports Programme

SV 2 If desired, propose sport disciplines (max. 400 participants) that the Host City wish to feature on the Sports Programme.

Technical Control, Direction and Sports Jurisdiction

SV 3 Confirm that the Applicant City – and the LOC – understands and accepts the principles set forth

under

- “Technical Control and Direction”
- “Sports Presentation”
- “Athletes’ Selection and Qualification”
- “Sporting Jurisdiction”

with regards to the matters relating to the technical control, the direction and the jurisdiction over the sports featured in TWG 2029. This explicitly includes all Display Sports, for which their world governing bodies are to assume a role identical to that of an IWGA Member IF.

Sports Experience

SV 4 Provide a list of – and information on – all major international sports events staged since 01 January 2021, and of all major sporting events scheduled from 2024 through 2029, in the Host City.

SV 5 State whether the Applicant City has applied for and obtained the support of all national sports federations affiliated to the IWGA Member IFs and/or other national sports organisations. Describe briefly to what extent these national bodies have been involved in the preparation of the bid project, and outline the plans for incorporating them in the LOC structures and drawing from their sport-specific expertise after the award of TWG 2029.

SV 6 List the national sports associations affiliated to the IWGA Member IFs, provide addresses and phone numbers of contact persons with whom the Applicant City has coordinated during the preparation of the bid project.

Official Bid Application TWG 2029

SPORTS & VENUES

VENUES

Venue List

SV 7 Explain the rationale for the selection of the venues. Outline how the selected venues will showcase your city/region.

SV 8 Provide lists of all competition and training venues for the sports on the Sports and Display Programme, with each sport allocated to its venue. Also, specify whether:

- The venue exists and requires only minor adaptation for use during TWG 2029.
- The venue exists but requires major renovation and/or adaptation for use during TWG 2029 with a budget dependent on the LOC.
- The venue will be set up temporarily.
- The venue is planned and will be constructed in time for the Games, irrespective of the Host City being awarded TWG 2029 and with budgets independent from the Games Budget.

For all competition venues, provide an overview of construction, capacity and current usage including well relevant

- Date of construction
- Dates of major refurbishment
- Total spectator capacity, including temporary capacity
- Total seating capacity, including temporary capacity
- Planned redevelopment (including status of relevant approvals required and timelines)
- Current usage
- List of major national or international competitions hosted at the venue

- List of possible restrictions on noise, lighting or scheduling during the period of TWG 2029.

Venue Location

SV 9 Indicate on Map B, no larger than A3 – folded or double page – and giving the graphic scale used, the location of all competition and training venues, as well as the non-competition venues listed.

- Opening/Closing Ceremony venue(s)
- Accommodation sites (hotels, university campus, etc.)
- LOC/Games Headquarters
- Main Media Centre
- International Broadcast Centre
- Key transport infrastructure, including airports, rail/bus systems, motorways etc.

Also, indicate venue clusters.

Venue Plans

SV 10 Provide location plans (Plan LP 1, LP 2, LP 3 ...), no larger than A3 and with the graphic scale indicated, for every competition venue, including the zone surrounding it within a radius of 200 meters, identifying all public areas within this zone, and confirming whether the areas can or cannot be delivered clean of commercial rights.

SV 11 Provide a plan (Plan VP 1, VP 2, VP 3, ...), no larger than A3, for each level (a, b, c ...) of every competition venue, indicating the

- Field of play: Confirm the surface type and its compliance with the technical requirements for the sport(s) contested at the venue.
- Facilities for athletes and technical officials: changing rooms, warm-up areas, working areas for officials, etc.

SPORTS & VENUES

- Scoreboards, video boards, lighting: technical specifications, date of installation, etc.
- Broadcast and media facilities: power supply and back-up, camera and commentator positions, broadcast compound, working areas for media, mixed zone, IT infrastructure, photographer positions and working facilities, plans to establish a satellite media centre at the venue, etc.
- Hospitality: capacity for hospitality areas or marquees, facilities for corporate hospitality, etc.
- Signage: spaces available to put up signage indoors and outdoors, existing supports for overlays, etc.
- Public access: distance from city centre, estimated travel time from city centre (per mode of transport), parking capacities, distance between venue and public transport, etc.

Venue Use

SV 12 Provide written guarantees from all current and future venue owners, granting use and control of the venues – clean of commercial rights and all signage – to the LOC for the period of TWG 2029. Use the template Guarantee of Venue Use and Commercial Rights (Annex) or similar wording.

Additional

SV 13 Provide any additional information the Applicant City considers relevant in the context of sports and venues.

THE WORLD GAMES
WROCLAW 2017

CEREMONIES

7. CEREMONIES

GENERAL

INTRODUCTION

Theme 7 seeks to establish an Applicant City's plan for the ceremonies of TWG 2029. Through these ceremonies, the LOC has a unique opportunity to showcase the artistic and cultural heritage of the Host City as well as the host region and country. The highest standards must be maintained in order that the ceremonies to make for an unforgettable experience for participating athletes and officials as well as for spectators. The Opening and Closing Ceremonies can only be broadcast internationally if their content – in terms of pageantry – is of the highest calibre.

OPENING CEREMONY

The LOC proposes the venue for the Opening Ceremony, taking into account its seating capacity and location. A sports venue such as the main stadium is the preferred option. If other outdoor venues exist that provide an even more appropriate setting, the IWGA is prepared to consider them.

The detailed programme of the Opening Ceremony will be decided upon in agreement between the IWGA and the LOC. Elements of pageantry, including the artistic and cultural elements that will be presented as part of the programme, should be developed by their creative director to the stage of a draft script, or storyboard, before they are submitted for approval by the IWGA Executive Committee.

The protocol elements of the Opening Ceremony are governed by the relevant IWGA documents and manuals. Between them, they address

- Language: that of the host country and English
- Presentation of the IWGA Member IFs: parade of IF flags and placards

- Athletes' Parade: with athletes parading by nation under their national flags
- Hoisting of the flags: IWGA, IOC, host country and host city flag
- Speeches: IWGA President, IOC President, LOC President, Country highest ranked official
- Opening Declaration: Head of State, highest political authority of the host country or the chief representative of a world sport organisation

MEDAL CEREMONIES

The Host City provides all medals – gold, silver, and bronze. Their design shall be approved by the IWGA Executive Committee.

At each standardised Medal Ceremony, the national flags of the three medallists are hoisted or displayed on a big screen and the national anthem of the gold medal winner must be played. The flags and national anthems used in all ceremonies will be those recognised by the IOC for the country, or territory, which the athletes represent. Medal Ceremonies for the different sports, disciplines and events shall follow a standardised procedure laid down by IWGA in the relevant manual. The IF will coordinate with the LOC and the IWGA the involvement of officials (IWGA, IOC, IF, LOC) in the Medal Ceremonies.

CLOSING CEREMONY

The Closing Ceremony is held at a location that is agreed upon between the IWGA and the LOC. The members of the IWGA Executive Committee and delegations of the IFs participate together with members of the LOC, the staff and the volunteers of The World Games.

Appropriate elements of pageantry and culture are included in the programme of the Closing Ceremony as well as a review of the highlights of the current event. These are all subject to approval by the IWGA Executive Committee and the LOC.

CEREMONIES

Representatives of the Host City of the following edition of The World Games are expected to attend and to receive the IWGA flag in a symbolic hand-over between the highest authorities of the current and future Host Cities and the IWGA President. The next Host City shall have a spot in the programme to present its culture and to issue an invitation to the next edition.

The protocol elements of the Closing Ceremony are governed by the Rules of The World Games and the relevant manual.

The IWGA President delivers the address of thanks and farewell on behalf of the IWGA. The highest authority of the Host City, as the Official Host of the Closing Ceremony, declares The World Games as closed.

A social gathering involving athletes, officials and organisers follows the Closing Ceremony.

OTHER

The TWG Plaza and the Athletes' Night - which are both briefly described in chapter 1 - will require an approach to be taken by the LOC which is similar to that for the ceremonies in terms of budgeting and planning.

- Choosing an optimal location and setting
- Considering the inclusion of appropriate creative and cultural elements, and deciding on the level of investment

REQUIREMENTS

OPENING AND CLOSING CEREMONIES

- Preliminary plans and approximate budgetary allocation for the Opening and Closing Ceremonies

MEDAL CEREMONIES

- Preliminary plans and approximate budgetary allocation

OTHER

- Preliminary plans and approximate budgetary allocation

CEREMONIES

QUESTIONNAIRE

OPENING AND CLOSING CEREMONIES

CE 1 Describe the strategy and plans of the Applicant City for the Opening and the Closing Ceremonies of TWG 2029.

CE 2 Describe what is planned to enhance the broadcast appeal of the Opening and the Closing Ceremonies.

CE 3 Which venue(s) is/are proposed for the Opening and Closing Ceremonies of TWG 2029? Indicate whether these venues exist or have yet to be built. Provide information on the venues' seating capacity for the ceremonies.

CE 4 If the ceremonies are taking place in a venue other than a competition venue already described, include the location of the venue(s) on Maps A and B and provide the venue plans.

CE 5 Provide an indication of the level of investment for the Opening and the Closing Ceremonies.

MEDAL CEREMONIES

CE 6 Describe the strategy and plans of the Applicant City for the Medal Ceremonies of TWG 2029.

CE 7 Provide an indication of the level of investment for the Medal Ceremonies of TWG 2029.

OTHER

CE 8 Describe the strategy and plans of the Applicant City for the TWG Plaza and the Athletes' Night.

CE 9 Describe the proposed locations for the TWG Plaza and the Athletes' Night.

CE 10 Provide an indication of the level of investment for the TWG Plaza and the Athletes' Night.

ADDITIONAL

CE 11 Provide any additional information the Applicant City considers relevant in the context of ceremonies.

Official Bid Application TWG 2029

ACCOMMODATION & CATERING

8. ACCOMMODATION & CATERING

GENERAL

INTRODUCTION

For the duration of TWG 2029 and at the expense of the Host City, accommodation and full board catering are provided for

- Athletes and officials – as per IF Passport – of the Sports Programme
- IWGA Executive Committee, IWGA Commission Members and the IWGA staff
- Presidents and General Secretaries of the IWGA Member IFs
- Representatives of future host cities
- Invited guests of the IWGA

The total number of persons entitled to free accommodation and catering is the one agreed in the Host City Organiser Agreement. For the purpose of this Bid Application document the approximate numbers per constituent group are

- Athletes and officials: 5,000
- IWGA Executive Committee members, IWGA Commission Members and IWGA staff, Presidents and the General Secretaries of the IWGA Member IFs, representatives of future host cities and invited guests of the IWGA, not exceeding a total of 250 persons/day (including IOC and NOC/NSO officials)

Every IWGA Member IF may request approval from IWGA for a certain number of additional persons “Extra Team Officials” to support the athletes – such as coaches, doctors, physiotherapists, etc.

These “Extra Team Officials” – though accredited for TWG 2029 – are not included in the IF Passport, and each IF has to assume the costs for their

accommodation, catering and local transport. The LOC shall provide accreditation and accommodation for these extra team officials in the place assigned to the main contingent in the IF Passport, charging the IF and establishing procedures for registration and reservation of accommodation.

Similar provisions and arrangements as for the “Extra Team Officials” need to be made if a NOC/NSO keeps athletes and officials to TWG 2029 for periods longer than the number of days specified in the IF Commitment, or wishes to add NOC/NSO staff to its delegation.

ACCOMMODATION

The LOC must secure appropriate accommodation facilities for the different constituent groups, considering the type, quality and location. When selecting these accommodations, the LOC must adhere to the following conditions:

- Athletes, officials, IWGA/IF/future host cities’ representatives as well as guests should be accommodated as close as possible to one another for the duration of TWG 2029.
- The facilities must be close to the competition venues and certainly no more than 45 minutes away at peak traffic times.
- Accommodation facilities for athletes and officials must be equivalent to at least a three-star quality hotel (according to the internationally accepted star rating system) and occupancy may not exceed two people per room.
- The LOC must secure one or more hotels of five/four-star quality (according to the internationally accepted star rating system) – with rooms in single occupancy, and offering breakfast, lunch and dinner at the premises – for the other constituent groups (IWGA/IF/future host cities’ representatives as well as IWGA guests).

ACCOMMODATION & CATERING

- The LOC must secure accommodation in hotels (three to four-star quality according to the internationally accepted star rating system) with reasonable room rates for the IWGA technology partners services staff (Host Broadcaster and Timing). The costs are borne by the companies themselves.
- The LOC must secure additional accommodation in hotels (three to four-star quality according to the internationally accepted star rating system) with reasonable room rates for accredited media representatives. The media representatives cover the costs of such accommodation themselves.

The LOC could provide accommodation in a “Games village” set-up for athletes and officials. This could be on a university campus, or in other facilities, provided that the standard of accommodation corresponds to that of a three-star quality hotel. Bedrooms must be provided for a maximum of two (2) people per room, with one (1) bathroom for maximum four (4) people.

CATERING

The LOC must cover the cost of catering services for all constituent groups accredited for TWG 2029, including its own staff, volunteers, contractors, etc.

The catering service plan must ensure that

- An adequate variety of food is available.
- It complies with the specific needs of athletes competing in the sport.
- It takes into account cultural diversity and religious sensitivity.

It is critical that

- A variety of ethnically diverse meals that incorporate special nutritional and religious requirements are offered for athletes.

- Meal services are provided in facilities close to venues and accommodations.
- Meal services are offered at optimal times for athletes and officials to eat appropriately prior to and after competitions.

Sufficient bottled beverages – in particular water and isotonic beverages – must be provided at all competition and training venues for the athletes and officials.

Catering services at each competition venue for IWGA/IF/future host cities’ representatives as well as guests must be provided in a designated guest area “TWG TimeOut”.

REQUIREMENTS

ACCOMMODATION

Appropriate accommodation facilities of the standard specified

- For the different TWG 2029 constituent groups, and up to the numbers specified in the Host City Organiser Agreement
- For the other accredited persons – such as participants in the Display Programme, extra team officials, contractors, etc.
- For the visitors to TWG 2029, up to the numbers anticipated by the Applicant Cities must be available in and around the Host City at the time of TWG 2029.

The hotel network and all other facilities used to accommodate the persons accredited for TWG 2029 must comply with the requirement of maximum travel distances/times between sports venues, accommodations and other sites.

A statement from the national tourist board describing the host country’s hotel rating system must be provided. The detailed hotel room inventory of the Applicant City must be submitted, indicating the room

Official Bid Application TWG 2029

ACCOMMODATION & CATERING

capacities per hotel and the total hotel room capacity. The national tourist board should confirm the veracity of this information.

If facilities other than hotels are to be used to accommodate the athletes and officials, a comprehensive description, including photographs, must be submitted with the bid project.

CATERING

The catering service plan – for breakfast, lunch, dinner, guest hospitality at the venues, beverages/snacks for athletes/officials at the venues – must comply with the standards set out on in this document for the TWG 2029 constituent groups, up to the numbers specified in the Host City Organiser Agreement.

Additional provisions must be made and presented as part of the bid project for catering services to LOC staff, volunteers and contractors.

QUESTIONNAIRE

ACCOMMODATIONS

AC 1 Some of the questions under Theme 8 require the categorising of hotels according to the internationally accepted star rating system (5-star, 4-star, 3-star). An official statement from the national tourist board should be provided, giving the equivalent rating used in the host country and a description of the standard of hotel in each category.

AC 2 Provide an inventory of the hotel rooms available in the Applicant City, detailing the room capacity per hotel and the total hotel room capacity in and around a point of reference selected within the Host City. The main stadium for TWG 2029, a central hotel – the one used to accommodate IWGA/IF/future host cities' representatives and IWGA guests – or any other central location of relevance to TWG 2029 could serve as such point of reference. Templates for this inventory are made available in the annex.

AC 3 Provide a comprehensive description of any other

concept – games village, university campuses, etc. – used to accommodate the athletes and officials of TWG 2029. Confirm that the standard of such accommodation corresponds to that of a 3-star quality hotel and submit documentary photographs of the facilities.

AC 4 Provide an overview of the proposed hotels for the accommodation of the media, stating the cost per night, including breakfast and taxes.

AC 5 Provide a map indicating the location of all existing hotels (5-star to 3-star categories) – within a 45 min travel time radius of the point of reference – which are proposed to accommodate the constituent groups of TWG 2029. All athletes and officials, including extra team officials, of one IF must be assigned to the same hotel. This hotel must be located as close as possible to the sports venue that is assigned to the IF.

AC 6 Provide a map indicating the location of other facilities – such as a games village, a condominium park or university campus – if they are proposed to accommodate the athletes and officials of TWG 2029.

AC 7 Provide a map indicating the location of hotels to be constructed within 45 min travelling time of the point of reference, if such hotels are proposed to accommodate the constituent groups of TWG 2029.

CATERING

AC 8 Describe the proposed meal services and facilities to be made available for the following constituent groups

- Athletes and officials
- IWGA/IF/future host cities' representatives and IWGA guests

ADDITIONAL

AC 9 Provide any additional information the Applicant City considers relevant in the context of accommodation and catering.

TRANSPORT

9. TRANSPORT

GENERAL

INTRODUCTION

Another key to successful games is an efficient, safe and reliable transportation system. The LOC is required – at its expense – to provide transport between all official venues of TWG 2029 – as well as from the designated ports of entry/departure, generally airports, the accommodation locations, the catering facilities and the competition and training venues for all accredited persons. There are certain critical elements the LOC needs to identify in establishing its transport plan.

SCOPE, COSTS AND DURATION

The LOC is responsible for the cost of local transportation for athletes and officials, IWGA/IF/future host cities' representatives and IWGA guests, and for the accredited media personnel, at the appropriate levels of service for the duration of TWG 2029.

TRANSPORTATION SCHEDULING

Identifying an accurate schedule of arrival and departure times between the various competition venues, considering venue locations (distance and time between), vehicle types and numbers available, load and unload times.

VEHICLE PROCUREMENT

Identifying what types and numbers of vehicles (car/electric car/coach pools) need to be procured for the transport of the different constituent groups – including equipment – between various venues in an efficient, safe and reliable manner.

ARRIVALS

Identifying the timeliness and general level of service provided for each constituent group – athletes and

officials, IWGA/IF/future host cities' representatives and IWGA guests – from arrival at the port of entry, through immigration, baggage claim and customs, on to accreditation and then accommodation locations, ensuring that sport equipment is transported too.

DEPARTURES

Identifying the timeliness and general level of service provided for each constituent group from the accommodation location to the port of departure, through the check-in procedure.

CEREMONIES

Identifying the transportation resources required for the transport of the various constituent groups to and from the Opening, Closing Ceremony, the Athletes' Night and TWG Plaza in a swift and timely manner.

REQUIREMENTS

TRANSPORT

The dedicated TWG transport provisions and all operational plans to transport the different constituent groups – from arrival at the designated port of entry to their departure – in an efficient, safe and reliable manner between all venues, locations and sites of TWG 2029.

The public transportation infrastructure, strategy and management capable of providing all participants – and all spectators – with good access to and good mobility around the venues, locations and sites of TWG 2029.

TRANSPORT

QUESTIONNAIRE

TRANSPORT

TR 1 Provide information on the main international airport and any other international airport that could be used as the designated port of entry/departure for TWG 2029. Provide information on airport capacity (passengers per hour, aircraft movements per hour, etc.) and list the destinations served to/from (national and international) on a regular basis (daily/weekly).

TR 2 Are there other major ports of entry (seaports, train stations, bus terminals, etc.)?

TR 3 Indicate the distances and travel times between the designated ports of entry/departure, all competition and training venues, and all accommodation and other locations/sites of TWG 2029, specifying the mode of transport used to determine the time estimates.

TR 4 Provide a summary of the type of transport and its level of service – such as operating times, frequency, etc. – projected for

- Athletes and officials
- Medical and Anti-doping officials
- IWGA/IF/future host cities' representatives and IWGA guests
- Technology partners services (Host Broadcaster and Timing)
- Media
- Spectators

TR 5 Provide an overview of the vehicle procurement plan and its scope, indicating the approximate numbers of vehicles available in each of the following categories:

- Buses

- Cars
- Guest vehicles
- Vans
- Other

TR 6 Describe procedures at the arrival and departure for all constituent groups at major ports of entry.

TR 7 Provide guarantees from parties supporting the success of the plans above (including governmental, airport/train station authorities and vehicle providers).

TR 8 Provide an overview of existing transport infrastructure (motorways, major urban arterial network, suburban rail, subway, light rail public transport systems with significant capacity) and describe any new transport infrastructure planned, which may have a direct impact on TWG 2029.

ADDITIONAL

TR 9 Provide any additional information the Applicant City considers relevant in the context of transport.

SECURITY

10. SECURITY

GENERAL

INTRODUCTION

Theme 10 seeks to establish whether an Applicant City possesses the necessary infrastructure to guarantee total security – discreetly but efficiently – and to guarantee the safest possible environment for TWG 2029 to take place.

The LOC will be required to take all necessary security measures in order to guarantee the safe and peaceful conduct of TWG 2029. To do so, the LOC must undertake thorough risk assessments in the lead-up and implement appropriate Games-time security provisions jointly with the relevant national and local authorities.

RISK ASSESSMENT

An in-depth analysis of all potential risks to TWG 2029 staged in the Host City and the host country should be commissioned by the LOC from national and local authorities.

SECURITY PLANNING AND ORGANIZATION

Planning and organising the Games-time security is done between the LOC and the relevant authorities, with the highest government authority of the host country guaranteeing the safety and peaceful conduct of TWG 2029.

In the event that the regional and/or local government(s) has (have) authority over public security, emergencies or any other aspect of security, the highest authority of the regional and/or local government(s) must provide (a) similar guarantee(s).

The LOC shall ensure that public and private organisations work side-by-side, within an integrated structure, during security planning and operations.

REQUIREMENTS

RISK ASSESSMENT

Assessment of general risks connected with the Applicant City and the host country to be carried out jointly by the responsible authorities.

SECURITY PLANNING AND ORGANIZATION

Planning, organisation and implementation of Games-time security provisions between the authorities and the LOC.

GUARANTEES

Obtain guarantees from national, regional and/or local governments that they will do the utmost to ensure the safety and peaceful conduct of TWG 2029..

SECURITY

QUESTIONNAIRE

SECURITY

SE 1 Provide an analysis of the general risks and threats to TWG 2029 held in the Host City/country.

SE 2 Provide an analysis by competent authorities regarding risks posed by activist minorities (religious, political, ethnic, etc.) or terrorist groups in the country or region.

SE 3 Identify the public and private security organisations that will be involved during TWG 2029, and describe their respective responsibilities.

SE 4 Identify how the public and private organisations will be integrated and coordinated, both amongst themselves and with the LOC, throughout planning and operations.

SE 5 Provide organisational charts of games security for the planning phases and the implementation phase.

SE 6 Provide the numbers of the total police and emergency services human resources currently available in the city/region and estimate for TWG 2029.

SE 7 Provide an estimate of the total human resources that would be deployed in the operational implementation of security during TWG 2029, specifying staff type (police, emergency services, military/intelligence personnel, contract security, volunteers) and capacity.

ADDITIONAL

SE 8 Provide any additional information the Applicant City considers relevant in the context of security.

Official Bid Application **TWG 2029**

MEDICAL & HEALTH SERVICES

11. MEDICAL & HEALTH SERVICES

GENERAL

INTRODUCTION

Theme 11 seeks to establish an Applicant City's ability to provide a health system suited to the needs of TWG 2029 without affecting the normal health provisions.

Accredited athletes and officials are required to obtain adequate insurance cover on their own – or through the LOC – for medical treatment in the host country during TWG 2029. However, the LOC must assume the cost and be responsible for first aid and emergency treatment – including the medical evacuation – to be available at sports venues (throughout the venues' operating hours) and other sites of TWG 2029 for all accredited persons.

A complete list of hospitals and clinics located in the Host City (or region) is to be submitted together with the bid project, listing the hospitals' names, patient capacities, medical specialties and key diagnostic equipment. The distance between each hospital and the point of reference selected for Theme 8 needs to be indicated too.

The IWGA-chaired Medical and Anti-Doping Commission controls all medical requirements and activities before and during the Games.

Prior to TWG 2029, the LOC provides the Competition Manager of each IWGA Member IF with a detailed location plan of all medical facilities in the Host City and 7-day, 24-hour emergency telephone numbers for physicians, dentists and hospitals.

The LOC makes adequate facilities (rooms for physiotherapists, physicians, etc.) available at the competition and training venues for the medical staff of the IFs. Additionally, the LOC needs to provide IWGA's partner organisation FICS (International Federation of Sport Chiropractors) with special working permits,

suitable locations, uniforms and equipment for their work during TWG 2029. FICS is a partner organisation of the IWGA and has been providing the participants of TWG with free treatment since 2005.

The LOC is obliged to inform IWGA of any restrictions or regulations in place that could have an impact on the work of the IWGA Medical Commission and inform IWGA about the procedures in place for Team Medical staff to perform their duties during the Games.

REQUIREMENTS

PROVISION OF MEDICAL AND HEALTH SERVICES

All accredited persons are responsible for the cost of medical/health treatment required during TWG 2029, except for emergency and first aid treatment (including medical evacuation). Athletes and officials will be informed by the IWGA Member IFs of the need for medical insurance that covers treatment in the host country of TWG 2029.

The LOC is responsible for the implementation of all appropriate on-site emergency and first aid services, including medical evacuation services, and it assumes the costs for those directly or through its insurance.

The LOC is required to make medical insurance available to accredited persons who are unable to obtain adequate cover on their own.

QUESTIONNAIRE

MEDICAL AND HEALTH SERVICES

MH 1 Specify what legislation is in force in the host country concerning the practice of medicine and Chiropractic and describe the organisation of the health services. Specify the legislation in force concerning the practice of medicine by foreign practitioners. In particular, describe if any restrictions exist on sharing of statistical data with the IWGA Medical Commission.

Official Bid Application **TWG 2029**

MEDICAL & HEALTH SERVICES

MH 2 Describe the social system for managing medical expenses. Explain the arrangements for foreign nationals visiting the host country.

MH 3 Give a general outline of the health care system currently in operation in the Applicant City and region.

MH 4 Describe the operational procedures of the current emergency services in the Applicant City and region.

MH 5 Explain how TWG 2029 will fit in with first aid, medical evacuation and emergency services in the Host City and region.

MH 6 Describe existing plans for medical assistance and evacuation in the event of natural or other disasters, specifying the chains of command and transfer of responsibilities. Explain how these plans will be affected by TWG 2029.

MH 7 Describe the resources and procedures in the Applicant City, region and country to counter epidemiological risks.

MH 8 Provide a list of all hospitals and clinics located in the Host City and region, specifying patient capacities, medical specialties, key diagnostic equipment as well as distance from point of reference.

ADDITIONAL

MH 9 Provide any additional information the Applicant City considers relevant in the context of medical and health services as well as the costs thereof.

ANTI-DOPING

12. ANTI-DOPING

GENERAL

INTRODUCTION

The IWGA is a signatory to the World Anti-Doping Code (the Code). In accordance with the Code, which outlines the role and the responsibilities of the IWGA as a Major Event Organiser, it will undertake to do everything possible to award TWG 2029 only to a country where the government is a state party to the UNESCO International Convention against Doping in Sport, and where national organisations responsible for carrying out anti-doping activities are deemed to be in full compliance with the World Anti-Doping Agency's (WADA) Code.

Prior to and during TWG 2029, the IWGA Medical and Anti-Doping Commission will ensure that the LOC complies with the IWGA Anti-Doping Rules, and with all regulations of the Code, while carrying out the IWGA approved doping control plan under the directive of IWGA's Medical and Anti-Doping Commission.

This plan requires the LOC to implement a comprehensive anti-doping programme for the TWG 2029 in collaboration with IWGA's appointed testing agency and a WADA accredited laboratory, by providing suitable and secure anti-doping facilities within each competition venue, and by granting logistical and operational support to enable the effective implementation of the programme.

The LOC will be required to finance testing by an IWGA agreed sample collection authority, at its own expense, on up to 10% of the athletes competing in TWG 2029 in strict compliance with the WADA Code and Standard including the Sport Specific Analysis. The number of tests is to be agreed upon between the IWGA, the testing agency and the Host City at the time of finalising the sports programme.

REQUIREMENTS

ANTI-DOPING PROGRAMME OF TWG 2029

The relevant national authorities must guarantee that:

- The national government will comply with the provisions of the UNESCO International Convention against Doping in Sport.
- The organisations that are responsible for carrying out anti-doping activities in the host country, such as a National Anti-Doping Agency (NADO), have
 - Signed the WADA Code Acceptance form and sent it to WADA,
 - Adopted Code-compliant anti-doping rules and regulations
 - Implemented and enforced the rules in a Code-compliant way,
 - Completed the online WADA Questionnaire,
 - Been and remain in compliance with the WADA Code.
- The WADA Code in force as of 2029 will apply to The World Games.

The Applicant City must provide information on how it will collaborate with the

- Testing agency (ITA, etc.) appointed by IWGA
- The WADA accredited laboratory

and will procure

- Anti-doping facilities at sports venues
- Logistical and operational support to the Anti-Doping Programme (including all the transport associated with it)

The Applicant City must confirm that the LOC will arrange and pay for doping controls to be conducted on up to 10% of the athletes competing in TWG 2029.

ANTI-DOPING

QUESTIONNAIRE

ANTI-DOPING

AD 1 Does the host country have any legislation on doping? If so, explain and provide a copy of such laws.

AD 2 Confirm that the national government is a state party to the UNESCO International Convention against Doping in Sport or if not will comply with it.

AD 3 Have the relevant authorities in the host country signed an agreement with WADA to adopt and implement the WADA Code?

AD 4 Has your NADO have been declared non-compliant by WADA? And if yes, which year and for what reason?

AD 5 Is there a WADA accredited laboratory in the Applicant City? If not, where is the nearest WADA accredited laboratory located? Indicate the distance/ travel time between the accredited laboratory and the selected point of reference (as in Themes 8 and 11).

AD 6 Give details and a schedule for procurement of anti-doping equipment, facilities, personnel, etc.

AD 7 Give an indication of the procedures envisaged for sample transportation between venues and laboratory.

ADDITIONAL

AD 8 Provide any additional information the Applicant City considers relevant in the context of the anti-doping programme of TWG 2029.

CZECH
REPUBLIC

MEDIA

13. COMMUNICATION AND PROMOTION

GENERAL

INTRODUCTION

Communication and promotion are crucial in transmitting strong and positive messages regarding TWG. To ensure that these messages are articulated with consistency between the principal stakeholders in TWG, close collaboration as well as an open and congenial partnership between IWGA and LOC are of high importance.

CONCEPTS

The LOC is requested to briefly outline its vision and propose preliminary concepts for these areas

- Values of TWG: planning and implementing campaigns to promote moral and social values – such as “Excellence, Friendship and Respect” – through TWG
- Sports of TWG: planning and implementing campaigns which contribute to the promotion and popularisation of the sports featured in TWG both before and during the Games
- Awareness of TWG: planning and implementing programmes and campaigns that aim to increase awareness of TWG in general (educational, social, cultural, etc.)
- Ceremonies of TWG: planning and implementing ceremonial activities (Opening Ceremony, Athletes’ Night, Closing Ceremony and Medal Ceremonies) with a distinct local, regional and national character.
- Look of TWG: planning and implementing the “Look of the Games”

COMMUNICATION STRATEGY/PLAN

The LOC must define the comprehensive strategy and develop the plans for communication and promotion of the above concepts at national and international levels. The principal aim is to cultivate support and interest prior to and during the Games. To do so, the LOC should develop plans for the full range of media as well as for activities. Creativity and innovation are two key elements.

SOCIAL MEDIA

The host organisation is expected to promote its edition of The World Games extensively through social media (for example Facebook, Twitter, Instagram, YouTube, TikTok and/or other popular platforms that may emerge) before, during and after the event. The IWGA will determine which international social media platforms are to be used by 31 December 2026 at the latest, in order to reflect current trends in the social media world. Promotions on all these platforms must be linked with the IWGA's social media activities and coordinated with the IWGA Communication Officer. Special attention needs to be directed to interaction with fans and athletes.

Three months after the Games, control over all the social media accounts pages or events managed by the LOC must be handed over to the IWGA. The platforms will then be permanently implanted into the IWGA's overall on-line presence.

CORPORATE IDENTITY

The IWGA logos, icons and pictograms for the sports and ceremonies of The World Games are listed in the current IWGA Corporate Identity Guidelines. This governs the use and the norms for reproduction of the logo and icons.

In developing its own marks for the distinct look of TWG 2029, the LOC is bound to respect the norms, instructions and restrictions contained in this manual

MEDIA

DESIGNS

The LOC will be required to design a great number of graphic, visual, artistic and intellectual works and creations for communication and promotion of TWG 2029 including for example:

- Emblems
- Medals
- Mascots
- Information icons (e.g. pictograms)
- Visuals
- Decorations
- Slogans
- Publications
- Audio-visual productions (e.g. promo reels, promotional trailers on national TV channels and digital and media platforms)
- Websites
- Social Media
- Etc.

In developing these – and other – designs, the LOC must only proceed in consultation with the IWGA from the earliest stages. All the finalised designs are subject to formal approval by IWGA.

JOINT COMMUNICATION AND PROMOTION

The IWGA commits to bringing its expertise and specific know-how to the production of materials required to convey concise and consistent messages concerning TWG 2029 to key audiences.

Working with the LOCs of previous editions of TWG, the IWGA Communication and Media Departments have been able to establish well-proven formulas in the production of materials in the following areas:

- Print and electronic publications
- Audio-visual productions
- Social Media presence
- Websites

Both Departments of the IWGA have provided crucial assistance to the organisers of the previous editions in:

- Promotional events at the national and international level
- Media relations at the national and international level

Liaison with the athletes and international federations' Communication departments. The communication and media teams of the LOC and the IWGA will collaborate once more in joint and separate communication, promotion and related media projects in the lead-up to and during TWG 2029. The Coordination Commission for TWG 2029 will assume the supervisory function over these projects. All publications must be approved by the IWGA before publishing.

REQUIREMENTS

CONCEPTS

Establish the first concepts for communication and promotion of TWG 2029 – as described above – consistently with the vision of the LOC and that of the IWGA.

STRATEGY AND PLANS

Define the overall strategy and development of plans for effective communication and promotion of TWG.

CORPORATE IDENTITY AND LOOK OF THE GAMES

Develop the distinct corporate identity and the look of the Games respecting the norms and instructions set forth in the corresponding manuals of the IWGA.

MEDIA

DESIGNS

Design items such as those listed above in consultancy with IWGA.

JOINT COMMUNICATION AND PROMOTION

Commit to work jointly with the IWGA in the production of materials for international communication and promotion in the lead-up to and during the Games.

QUESTIONNAIRE

EXISTING COMMUNICATION AND PROMOTION

CP 1 Describe existing communication and promotional activities for the sports of TWG in the host country.

CP 2 Provide a summary of the key media outlets in the host country, including the main newspapers, television, digital platforms and radio stations.

GAMES COMMUNICATION AND PROMOTION

CP 3 Outline briefly the vision that the Applicant City holds for effective communication and promotion of TWG 2029. Provide the first draft concepts addressing

- Look of TWG
- Values of TWG
- Sports of TWG
- Awareness of TWG

CP 4 Where will the Applicant City put the emphasis in communicating and promoting TWG 2029 locally and nationally? Provide an overview of the media the Applicant City is planning to use.

CP 5 Briefly outline the promotional campaigns the Applicant City plans to embark on in order to raise awareness for TWG locally/nationally. Describe the communication programmes the Applicant City intends to set up locally/nationally during the years

leading up to the Games.

CP 6 Describe how the Applicant City proposes to collaborate with the IWGA in joint communication and promotion at the international level.

CP 7 Describe how the Applicant City will use digital platforms, e.g. social media, for national and international promotion.

ADDITIONAL

CP 8 Provide any additional information the Applicant City considers relevant in the context of communication and promotion.

A large purple banner is mounted on a building facade. The banner features a white arrow icon pointing to the right, followed by the word "MEDIA" in bold, purple, sans-serif capital letters. The banner is secured with metal fasteners along its bottom edge. In the background, a grey building with a grid of windows and a white structural pole are visible. A black light fixture is also present on the building's exterior.

MEDIA

Official Bid Application **TWG 2029**

COMMUNICATION

14. MEDIA BROADCAST AND PRESS

GENERAL

INTRODUCTION

One of the main objectives of the IWGA is to secure comprehensive media coverage (on all kind of platforms) for TWG as well as the participating sports and athletes. The LOC must acknowledge the important role first-rate media operations play in transmitting a positive image and in providing for a clear understanding of the Games by global audiences. Wide exposure through the media – and through television and new media in particular – is also the prerequisite for securing successful sponsorship programmes. Well in advance, the LOC has to secure and agree a wide, free-to-air TV coverage for the territory of the host country.

The LOC must assign the highest priority to efforts aimed at securing media coverage. It must guarantee the audio-visual broadcasting of TWG to audiences worldwide and provide all facilities for the Games media services in general. The LOC can count on approximately 1,000 accredited media representatives involved in producing coverage on TWG.

GAMES HOST BROADCASTER

The Games Host Broadcaster (GHB) will be IWGA's official TV production company. IWGA assumes all risks in connection with the delivery of these services. The Host City pays for them through the annual contribution detailed in Chapter 5. The GHB is responsible for delivering the full range of broadcasting services, from the production of the footage to making it available for national and worldwide transmission. The GHB produces this footage and the international signals in adherence to the standards and the scope outlined in the broadcast requirements for each of the sports on the Official Sports Programme.

The LOC provides the GHB – as well as the rights-holding

broadcasters producing unilateral and digital coverage on TWG – with the basic facilities and services required for their work from the International Broadcast Centre (IBC) in the host city.

Under the terms of its contract with the LOC, the GHB produces the international television signal in picture and sound – for live or delayed transmission – in the state-of-the-art technical format in the year of the Games. The production plan will in principle include all aspects of the Games and will be agreed in detail by IWGA and the Host City.

The international signal must be objective and impartial, and will not be focused on specific athletes or countries. It will cover the contests for a global audience. The international signal includes slow-motion replays, basic TV graphics, virtual graphics, timings and with editorial support.

This signal will also be used for an internet live stream and for video screens at different venues and facilities.

EXPERTISE

IWGA works with its media distribution partner company to ensure optimum international distribution of the signal. For national distribution, the Host City may also use the services of this company or may make alternative arrangements.

PRESS OPERATION – FACILITIES

Press/Media coverage is the other key to successful Games. The LOC is required to plan and provide a Main Media Centre (MMC). It serves as the primary working place for media personnel covering TWG. Depending on the location and the facilities which are available, the MMC can either be set up at or near the competition venues or, alternatively, at other suitable locations which are well connected to the latter by an appropriate transport system for media personnel.

The facilities must include workstations, press conference rooms, press catering, strong Wi-Fi network

Official Bid Application **TWG 2029**

COMMUNICATION

and all other facilities required for the implementation of the Games press services stipulated by the IWGA Communication Department in a separate document.

The LOC is required to plan and provide Sub-Media Centres at each venue (SMC). The SMC provides all necessary facilities appropriate working conditions for press representatives on site. This includes press seats, a press room, a separate Wi-Fi for media for uploading pictures and short videos, mixed zones and photographer areas.

REQUIREMENTS

GAMES HOST BROADCASTER

Accept as Games Host Broadcaster IWGA's official TV production partner which will produce the international television signal to the highest standard.

INTERNATIONAL BROADCAST CENTRE

Provision of suitable facilities for the GHB and other rights-holding broadcasters to be able to carry out their work.

COLLABORATION WITH IWGA AND ITS MEDIA DISTRIBUTION PARTNER

Collaboration with IWGA and its Media Distribution Partner on definition of the international media strategy.

MAIN MEDIA CENTRE

Provision of a centralised venue and of comprehensive facilities for all media personnel, including the IWGA Communication team, to be able to carry out their work.

Provision of facilities and Wi-Fi at competition and other venues for media personnel to work (Sub-Media Centres).

Official Bid Application **TWG 2029**

COMMUNICATION

QUESTIONNAIRE

BROADCAST

BP 1 Describe the plans of the Applicant City for the national broadcasting of TWG 2029.

BP 2 Describe the plans of the Applicant City to provide the GHB and other broadcasters with the facilities required for their work. Describe the location, size and infrastructure of what could serve as the International Broadcast Centre during the Games. Explain the choice.

PRESS

BP 3 Describe the concept of the Applicant City for the Main Media Centre. Provide information on location, size, internet access and infrastructure – explain the choice.

BP 4 Describe the concept of the Applicant City for the Sub-Media Centres and provide information on the facilities to be provided there, including internet access.

LEGAL

BP 5 Would foreign broadcast and media organisations and their personnel be subject to labour and union laws? If so, please explain.

Would foreign broadcast and media organisations be subject to specific taxes related to their work and/or equipment? If so, please explain.

ADDITIONAL

BP 6 Provide any additional information the Applicant City considers relevant in the context of Games media services, broadcast and press operations, etc.

MARKETING

15. MARKETING

GENERAL

INTRODUCTION

Theme 15 seeks to establish an Applicant City's understanding of the development of successful marketing programmes jointly with the IWGA and its marketing partner. The priorities in this context include

- Reaching an agreement with the IWGA and its marketing partner to develop successful marketing programmes jointly within the future host territory and worldwide.
- Obtaining commitments from the relevant public and private entities within the future host territory to protect the image of TWG 2029 and to prevent ambush marketing.
- Projecting and substantiating conservative preliminary revenue forecasts from marketing sources within the future host territory.
- Developing a strategic and tactical understanding of how to leverage the brand of TWG 2029, and of how to exploit all commercial opportunities associated with the brand.
- The right to revenues generated by advertising in official publications
- The right to revenues generated from the sale of tickets or other revenue connected to such tickets
- The right to revenues generated by the sale of any merchandise produced by or on behalf of the LOC bearing any of the marks of TWG 2029
- The right to revenues generated by the sale of any and all media rights to marketing activities associated with TWG 2029
- The right to all other revenues generated by any other form of exploitation, marketing or commercial activity involving the TWG 2029, subject to the approval of IWGA

JOINT MARKETING PROGRAMME

The IWGA, its marketing partner, and the LOC undertake to exploit all commercial and media rights associated with TWG 2029 jointly in order to maximise revenues and to ensure an optimal organisation, staging and financing of the Games.

- The commercial rights to TWG 2029 include
- The right to revenues generated by the marketing of stadia advertising
- The right to revenues generated by implementation of virtual advertising of The World Games sports

The IWGA, its marketing partner and the Host City will develop an integrated and consolidated strategy for seeking corporate sponsors, as well as a comprehensive strategy for marketing and selling all sponsorship rights, so as to optimise the exploitation of sponsorship rights and maximise sponsorship revenues. This strategy should include event sponsors of The World Games 2029 and permanent sponsors for IWGA digital platforms. Therefore, once the IWGA receives a detailed budget from the Host City, including projected revenues below, an analysis will be carried out and negotiations conducted on how revenues from the joint sponsorship programme should be split, so as to ensure proper funding of the Games for the Host City.

The LOC may not propose any form of commercial arrangement with companies that may be considered competitors of any long-term partner of the IWGA without having first offered that opportunity on identical terms to such IWGA partner

MARKETING

SPONSORSHIP REVENUES

Every Applicant City should be able to project and substantiate preliminary and conservative revenue forecasts from sponsorship.

The Applicant Cities are required to disclose revenue targets for a sponsorship programme that they suggest should be implemented by the LOC at the national level.

Host Cities will be entitled to retain one hundred percent of any domestic sponsorship revenue. Any revenue from sponsors brought to the Host City by IWGA will be shared between the Host City and IWGA on agreed terms.

TICKETING PROGRAMME

A well-managed ticketing programme is essential to the success of the TWG 2029. The objectives of the LOC and the IWGA in the context of ticketing are

- To promote TWG 2029 as an event that has value
- To ensure capacity crowds at the venues for as many sessions as possible
- To generate revenue for the LOC
- To establish a suitable timeline for the ticket sales programme

The Applicant Cities are required to disclose a revenue target for the ticket programmes during TWG 2029.

LICENSING

The Applicant Cities are required to disclose revenue targets for the licensing/merchandising programmes for TWG 2029.

MEDIA RIGHTS

Revenue from international sales of media rights to linear TV and digital media companies for TWG 2029 is reserved for IWGA. Sales revenue generated within

the Host City country will be reserved for the LOC. In cooperation with the GHB, IWGA and the LOC develop a state-of-the-art TV production concept including global signal distribution.

REQUIREMENTS

GENERAL

The Applicant City must confirm its commitment to develop successful marketing programmes for TWG 2029, and to develop its own strategies and programmes to promote the brand of TWG 2029 and all commercial opportunities associated with the brand.

The Applicant City must pledge to exploit sports' all commercial and media rights associated with TWG 2029 with the aim of ensuring an optimal organisation, staging and financing of the Games.

QUESTIONNAIRE

MARKETING

MA 1 Confirm that the Applicant City recognises and accepts the obligations and constraints concerning the marketing of any and all rights to TWG 2029 as stipulated on pages above.

MA 2 Confirm that the Applicant City has not entered into any agreements with third parties, granting any rights or options that could jeopardise, prevent or impinge upon the fulfilment of the Host City Contract and the constraints, as stipulated on pages above, concerning the marketing of rights to TWG 2029.

MA 3 Confirm that legislation to sanction ambush marketing will be enforced during TWG 2029.

MA 4 Indicate projected revenues from multiple-tier sponsorship programmes.

MA 5 Provide an outline of the ticket sales strategy and indicate projected revenues from ticket sales.

MARKETING

MA 6 Indicate projected revenues from licensing/merchandising.

MA 7 Outline the concept for hospitality programmes and indicate projected revenues.

MA 8 Describe the current legislation in the host country regarding lotteries in general and sports lotteries specifically. Indicate projected revenues from such lotteries.

ADDITIONAL

MA 9 Provide any additional information the Applicant City considers relevant in the context of marketing rights to TWG 2029.

TECHNOLOGY

16. TECHNOLOGY

GENERAL

INTRODUCTION

Theme 16 seeks to establish an Applicant City's ability to deploy and support state-of-the-art technology in all areas that are vital to TWG 2029

As previously described the IWGA will, through its technology partners services for timing, scoring, results service and accreditation, and for TV production enable the LOC to deploy the requisite technological means necessary for staging successful Games and for running the competitions in accordance with the sport-specific provisions set forth by the IWGA Member IFs. The LOC is responsible for cooperation with these IWGA s partners services and for planning and implementing, at its expense, other technological means necessary for the preparation and the running of TWG 2029. All plans regarding technology must be submitted to the IWGA for approval in consultation with its technology partners.

REGISTRATION & ACCREDITATION SYSTEM

The IWGA partner will provide the system for registration and accreditation of athletes, officials, media, guests, LOC and IWGA in TWG 2029. Through its annual contribution to IWGA, the LOC covers the costs associated with the provision of the registration and accreditation system by the IWGA partner. The IWGA ensures that registration and accreditation policies and procedures are in accordance with international standards.

TIMING, SCORING AND RESULT SYSTEMS

The IWGA partner will provide the systems for timing, scoring and results of all competitions staged during TWG 2029. Through its annual contribution to IWGA, the LOC covers the costs associated with the provision of these systems by the IWGA partner. The IWGA and its Member IFs ensure that the data generated by the systems comply with international standards.

TELECOMMUNICATIONS

The telecommunications infrastructure for fixed and mobile networks is expected to meet the highest demands during TWG 2029. Networks linking all venues are required to support heavy traffic (phone and data networks, radio networks, audio and video circuits) generated by the staging of the Games in the Host City. Cell phones or prepaid cell phone cards must be provided to the members of the IWGA Executive Committee and staff, the IWGA Medical Committee and the Anti-doping officials at the expense of the LOC.

REQUIREMENTS

TECHNOLOGY

An Applicant City is required to plan for the full range of technological means necessary in the preparation and the running of TWG 2029, taking into account the services that will be provided by the IWGA s partners services. Technology in the context of major multi-sport games covers accreditation, timing, scoring, result and information systems, telecommunications, fibre and other technologies, and Internet access.

The Applicant City plans for the deployment of technology must be submitted to the IWGA for comment and approval.

QUESTIONNAIRE

TECHNOLOGY

TE 1 Confirm that the Applicant City is prepared to accept the services of IWGA's technology partners for the deployment of resources for timing, scoring, result services and TV production.

TE 2 Indicate whether a regulatory body exists for the telecommunications market in the host country, whether this body is tied to government authorities, and whether this body awards licenses.

TE 3 Name the main providers for internet and for mobile phone services in the host country.

TECHNOLOGY

TE 4 Describe the existing infrastructure and technology networks linking all venues that will support the high volume of traffic (phone networks, data networks, audio and video circuits) during TWG 2029.

TE 5 If additional infrastructure for fixed and mobile networks is required, describe it and indicate which carriers are prepared to supply it.

TE 6 Indicate which body is responsible for controlling and allocating the frequencies necessary for radio transmissions in the host country.

TE 7 Is this body prepared to allocate the frequencies necessary for the organisation of TWG 2029?

ADDITIONAL

TE 8 Provide any additional information the Applicant City considers relevant in the context of technology.

RISK MANAGEMENT & INSURANCE

17. RISK MANAGEMENT & INSURANCE

GENERAL

INTRODUCTION

Under Theme 17 an Applicant City is required to outline the risk management plans and the insurance programmes that the LOC is expected to have in place throughout TWG 2029.

Comprehensive risk management and insurance programmes are critical elements of the organisation of TWG 2029. The IWGA will ensure that the LOC secures and maintains – at its own expense – all compulsory insurance covers required by local regulations (including, among others, employers' liability, workers compensation, institutional liability, errors and omissions and third-party insurance) in respect of all risks associated with the organisation and the staging of TWG 2029. The insurance programme must name the LOC and the IWGA as joint assured parties in respect of their respective potential liability to any third parties.

PUBLIC/PRODUCT LIABILITY INSURANCE

The LOC is expected to have appropriate public/product liability for all competition events in place throughout the Games. This insurance would cover legal liability for loss of, or damage to, property and death of, or injury/disease to persons, occurring in connection with TWG 2029. The specific requirements will be included as integral part of the Host City Organiser Agreement.

PROFESSIONAL INDEMNITY INSURANCE

The LOC is expected to have adequate professional indemnity insurance in place to indemnify the IWGA and its own employees, consultants and officers in respect of the Games for any neglect, error or omission occurred or committed by employees of the LOC and IWGA or any other person, firm or company acting jointly with the LOC. The IWGA will ensure that the LOC

undertakes to indemnify, hold harmless and exempt the IWGA and its officials from all payment in respect to any damages resulting from the hosting of TWG 2029, not applying to wilful misconduct or negligence.

MEDICAL INSURANCE COVER

The LOC is strongly advised to ensure that adequate medical insurance coverage is in place for all costs incurred by the LOC for any emergency and first aid services provided during the Games. Furthermore, the LOC must make affordable medical insurance available for medical treatment in and repatriation from the host country to accredited persons who arrive without having been able to obtain cover. This cover will be purchased at their own expense.

OTHER INSURANCE

The LOC is expected to have in place other general insurance cover for its normal activities.

REQUIREMENTS

RISK MANAGEMENT PLANS AND INSURANCE PROGRAMMES

The Applicant City is required to address the issue of comprehensive risk management from the bid stages and to outline the insurance programmes the LOC will have in place to cover general and specific risks to TWG 2029 and their organisers.

RISK MANAGEMENT & INSURANCE

QUESTIONNAIRE

RISK MANAGEMENT AND INSURANCE

IN 1 Outline the public/product liability insurance to be put in place for TWG 2029.

IN 2 Outline the professional indemnity insurance to be put in place for TWG 2029.

IN 3 Outline the contingency insurance to be put in place for TWG 2029 that will adequately cover financial losses caused by contingencies due to circumstances beyond the control of the LOC. Such sports contingency insurance covers risks such as adverse weather, cancellation or interruption of the Games, etc.

IN 4 Outline the medical insurance to be put in place to cover costs arising to LOC from medical emergency and first aid services during TWG 2029.

IN 5 Describe the medical insurance which could be made available to athletes and officials accredited for TWG 2029 but were unable to get their own coverage for medical treatment in the host country as well as repatriation. Provide an estimate of the premium an accredited person would be charged, in 2029, for adequate coverage during the Games.

IN 6 Outline other insurances to be put in place for normal activities of the LOC prior to and during TWG 2029.

ADDITIONAL

IN 7 Provide any additional information the Applicant City considers relevant in the context of risk management and insurance.

THE WORLD GAMES
WROCLAW 2017

METEOROLOGY

18. SUSTAINABILITY & METEOROLOGY

GENERAL

Theme 18 seeks to assess the sustainability plans and environmental conditions of the Applicant City and its surroundings. The theme also seeks to establish an understanding of the objectives that are pursued by the LOC in its delivery of sustainable Games.

In cases where an Applicant City has planned the construction of new sports or other venues – or the major renovation of existing venues – prior to the award of TWG 2029, IWGA requires that this be done in compliance with the city's long-term development strategy, and that the venues' post-Games use be fully clear. If there is no legacy need, try to seek a temporary or other creative solutions.

SUSTAINABILITY

As a core principle since the foundation of the IWGA and one of the three main values of the IWGA, sustainability has been and is still a very high priority in all business areas of the IWGA. Consequently, the IWGA joined the UNFCCC Sports for Climate Action Framework in 2020. According to these principles, you will need to commit to implement sustainable practices that create awareness and have a positive impact on your city and the local and international communities, as well as athletes. As a result, with support from the IWGA, you will need to write a sustainability report on your Games, including a carbon emission analysis, and find ways to reduce the Games' impact on the environment.

According to IWGA's vision, the IWGA intends to unite and develop communities in and through sport. The three pillars of sustainability- economic, environmental and social - need to be addressed in all phases and in every aspect of the project. The Applicant Host City needs to develop a sustainable and cost-effective

event, aligned with the host cities economic, social and environmental long-term planning needs. Only existing, temporary or are already planned venues with a legacy concept will be accepted for the Games.

Your legacy plan should focus on a range of benefits, including urban development, environment enhancement, policies, human development, intellectual property and social development. Please consider that the legacy outcomes have to be delivered through the whole lifecycle of the project. It will be important to integrate and engage external stakeholders, including non-governmental organisations, community groups and the private sector throughout the planning and event delivery.

An Applicant City must provide a brief description of how it envisions TWG 2029 fitting into its long-term planning/development strategy, stating its concepts for planned venue construction/renovation projects as legacy of the Games.

METEOROLOGY

Information and data concerning the meteorological conditions in the Applicant City must be submitted for the proposed dates for TWG 2029 over the past ten years prior to the year of the bid application's submission. Areas within a 50km radius where conditions are significantly different have to be provided as well.

QUESTIONNAIRE

SUSTAINABILITY

SU 1 Describe how the Applicant City's sustainability strategy framework for TWG 2029 fits in with the city/region's long-term development and planning strategy.

SU 2 Describe how the city's sustainability strategy harmonises with the IWGA's principles.

SU 3 Establish a sustainability management system

METEOROLOGY

in conformity with ISO 20121. Provide details of the environmental management tools and compliance standards that the LOC will use to achieve the sustainability objectives.

SU 4 Describe the measures that the LOC will take to limit the impact in the preparations and of the event itself on the environment. Concentrate on

- infrastructure
- sourcing of products and resource management
- mobility
- workforce and contracts
- climate

SU 5 Identify the potential impacts on the host city and create strategic plans to develop high social capital within the city. Explain how you want to improve people's lives and healthy habits, with special emphasis on children, youth and young professionals.

SU 6 Outline expected long-term benefits/legacies for your city/region and its communities with respect to

- Urban development
- Environment enhancement
- Policies and governance
- Human development
- Intellectual property
- Social development
- Sport for all and physical activity

SU 7 As part of the Stakeholder Engagement Strategy, identify potential new partners that might be able to help reach the set objectives. Explain how you will involve athletes in the planning and event delivery.

SU 8 Provide information on the Applicant City's legacy plans involving the construction of new sports or other

venues – or major renovation of an existing venue – for TWG 2029.

METEOROLOGY

SU 9 Indicate the elevation of the Host City in meters ASL. Specify any significant differences in elevation between the city and the competition venues.

SU 10 Complete the table in the annex to this document, indicating for the proposed dates and the geographical area of TWG 2029

- Temperature in °C (maximum, average, minimum) at 9 a.m. / 12 noon / 3 p.m. / 6 p.m. / 9 p.m.
- Humidity in % (maximum, average, minimum) at 9 a.m. / 12 noon / 3 p.m. / 6 p.m. / 9 p.m.

SU 11 Complete the table in the annex to this document, indicating

- Number of precipitation days per year
- Number of precipitation days for the proposed dates of TWG 2029
- Average volume of precipitation (in l/square meter) per year
- Average volume of precipitation (in l/square meter) for the proposed dates of TWG 2029
- Precipitation days = more than 0.1 ml per 24 hours!
- SU 12 For all outdoor competition venues, complete table in the annex to this document, indicating
- Average wind direction
- Average wind strength (km/h)

ADDITIONAL

SU 13 Provide any additional information the Applicant City considers relevant in the context of sustainability and meteorology.

THE WORLD GAMES
WROCLAW 2017

INSTRUCTIONS

19. INSTRUCTIONS

BID APPLICATION PHASE

In this phase, applicant host cities will prepare the initial bid application. To assist them in this process, the IWGA provides precise instructions on how they must submit both their bid application and the corresponding guarantees.

The bid application shall be submitted in the form of answers to the specific questions put forward by the IWGA in this document.

All answers should be concise and concrete, and they should address the substance of the question put forward.

All answers must respect the specific format stipulated for each question. There are three formats/types of answers:

- **Explanatory:** textual explanations. Comprehensive answers are expected so that the IWGA can properly analyse the current status and potential of the bid.
- **Visual:** concrete information allowing rapid visual grasp and objective analysis of the context (tables, graphics, lists, maps and plans). When an answer has to be given in one of these formats, any additional textual explanation should be complementary and brief.
- **Guarantees:** replies that require representations, undertakings, covenants and/or agreements on the part of the Applicant City or third parties. Under the corresponding theme and in reply to the question, indicate whether an Applicant City has obtained such a guarantee and who gave it.

All bid application documents must be in English. The inclusion of graphics and other illustrations is encouraged to present technical information. Photos should be used to provide information on venues and infrastructure.

All these aspects are essential for the proper analysis of the bid application by the IWGA.

Applicant Cities are required to submit their initial bid applications and any update in two formats.

- In electronic format, with all electronic submissions including a PDF file of the application. Attachments such as diagrams, tables, pictures, maps, plans, etc. should be provided as PDF files and in the size indicated. Where templates are provided, an applicant is expected to make use of them. Guarantees must be scanned and attached as PDF files.
- As hard copy, submitting three (3) copies with a simple spiral wire binding or loose leaves in a ring binder.

Applicant Cities should show moderation with regard to expenditure on the presentation of their bid project. The format and presentation of the bid project are not evaluation criteria. While the IWGA expects comprehensive answers so that it can analyse the current status and the potential of a bid, it strongly advises the applicants to refrain from presenting the information in a lavish and costly format.

Applicants are strongly urged to enter into a dialogue with the national sports associations/federations that are in membership with the IWGA Member IFs, and to secure their collaboration in compiling all the sport-specific technical information of the bid project. The IWGA and its Member IFs will help all Applicant Cities to establish contact with their national sports associations/federations.

At this stage already, the sports eligible to be included in TWG 2029 will need to be tentatively assigned to a venue in or around the city. To do this – and to get a grasp of all technical requirements for the staging of competitions in a particular sport – the Applicant City will have to rely considerably on the expertise of national sports associations/federations. Furthermore,

INSTRUCTIONS

this initial collaboration will allow the applicants to assess to what extent national sports associations/federations are able and willing to assist them in the organisation of the Games.

During the Bid Application Phase, all cities are considered as “Applicant Cities”. The phase extends until the applications are assessed by the IWGA. In concluding the acceptance procedure, the Executive Committee determines which cities are to be accepted as “Candidate Cities”.

CANDIDATURE PHASE

Those cities accepted as “Candidate Cities” by the IWGA Executive Committee will go through to a second phase, during which they will be required to ensure that their applications are complete, especially with regard to all the required guarantees.

At this point, each Candidate City will receive a draft of the Host City Organiser Agreement for TWG 2029 and an original Host City Organiser Agreement undertaking. The latter will need to be signed by representatives of each city and the IWGA.

An Evaluation Commission, composed of members of the IWGA Executive Committee, members of the IWGA staff and experts will then examine the applications – including all guarantees – once more, visit the Candidate Cities and prepare an evaluation report, based on which the IWGA Executive Committee will select the Host City for TWG 2029.

ANNEXES

ANNEXES

The templates and tables mentioned under the different themes of this Bid Application document are all available for downloading from the section dedicated to the bid process for TWG 2029 on the IWGA website.
